Assisted Off. Steven Janvrin with two complaints about traffic control at the intersection of Lafayette Road and Atlantic Avenue. We spoke with a foreman of the paving crew from Pike. Pike was hired by the State for the project, and a traffic control company had been hired for traffic. Traffic control was accused of swearing at a motorist while standing in the middle of the intersection directing traffic. Long lines of cars were formed on Atlantic Avenue due to one lane being closed. I contacted Division 6 in Durham and informed them, and was referred to the state contact person for the project, KURT ROBBINS. I called his cell phone and left him a message about the problems associated with the TCP (Traffic Control Plan).

JEAN MORIN came to the PD requesting assistance in getting some belongings out of a residence that she owns but has a tenant she is in the process of trying to evict. She told me she informed him two days ago but does not have anything in writing. I tried calling HENRY KOPEC the tenant but got his voicemail. I responded with MORIN and all her family that she had brought with her and KOPEC was home. I spoke with him and he declined letting MORIN in at this time, and told me he let her in last week for stuff and it became an aggravation. I advised MORIN and her family that this is a civil issue and she would have to contact the court for an order to get any belongings and to assist with the eviction process.

Subject came to the police station because her car would not start after she went to the town hall. Upon attempting to assist her, it was learned that the car had been in an accident that caused damage to the hood, thereby preventing it from being opened. The car appeared to need a jump start, but due to the condition of the hood from the prior accident, the driver opted to leave the vehicle there until her husband could look at it. It is in a parking space by the library in the town hall lot. The passenger side window was left open and it was pointed out to the subject that the vehicle was not secured. Subject will call to advise if it can't be removed within 24 hours.

Mr. Matt Woods stated that an older model Ford F-150 pulled into his lot and asked him if he has any scrap metal he doesn't use. Mr. Wood advised the subjects that he didn't have any for them. Mr. Woods has a camera on his building and took a picture of the truck they were driving. NH plate (261-5445), a 93 Ford F-150. I recognized the person on the tape as Dennis Perkins Jr and the vehicle belongs to his father. Mr. Woods asked me to serve Perkins with a trespass notification form, because he doesn't want him on his property any more. After the form was completed, I then responded to the station and contacted Perkins. Jr. I advised him why I was calling and advised him that a trespass notification is active against him. I warned him not to come back. Mr. Perkins advised he understood. Perkins advised that he will pick up the form either tonight or tomorrow. Perkins was not driving the vehicle at that time

I had noticed that the doors to the gym were wide open in the rear corner facing the parking lot. I assumed maybe there were cleaning personnel inside. At this time, 2141 hrs., I noticed the same two vehicles still here and the doors to the gym still wide open. I also noticed that the doors to the gym in the rear facing the playground were also wide open. There were no lights on in the school that I could see. I advised dispatch that I may be setting off an alarm and would check inside. I walked through the gym and into the cafeteria and up to the main office as well as other hallways, and even opened the front doors. Dispatch advised me when asked that no alarms had gone off. I had them try and reach a keyholder. Dispatch told me later they had contacted the alarm company and the company will be attempting to find a keyholder. After several minutes Off. Holbrook and I did not hear back so we shut the doors to secure the building, but no alarm was set. At about 2304 hrs. I checked the school again and both vehicles were gone. I had run the one out back with dispatch earlier. The white truck that had been out front looked familiar.

Location/Address: [NOH 227] NORTH HAMPTON ANIMAL HOSPITAL - 83 LAFAYETTE RD  
Calling/Inv. Party: GLENDON, DAVID NORTH HAMPTON, NH 03862  
GLENDON called and advised that he wanted to have a bat tested for Rabies. The bat which was killed last night at 2200 was not properly handled and not placed on ice to preserve the animal. It was explained to GLENDON we do not test the animal unless a human has been bitten by the animal or exposed for a period of time. GLENDON spoke with the North Hampton Animal hospital who stated they could not test it either. I called the NH Health and Human services and they advised due to it being not properly handled it was unlikely they would be able to test the animal. However they stated they would due a private testing for the family at a fee. I contacted GLENDON with this information and his wife stated she wanted to have the bat tested. They will come and get the bat and have it tested at their own expense.
