

12/20/10

**Permanent School Building and Planning Committee**

Minutes - Monday, Oct. 25, 2010 7:00pm No. Stonington Elem. School Library

Present: S. Aiello, W. Coats, J. Lord, S. Costanza

- I. **Correspondence** from C. McCarthy re PCB's in schools and PCB abatement, if necessary, concerning caulking of windows in Middle School wing.
- II. **Flashing in Gymatorium** – Advanced Caulking & Restoration will proceed with repair and re-sealing of main portions of building wall. Work will begin depending on availability of blocks, prevailing weather conditions and contract wording. Mr. Springsteel will be providing new specs for A frame portion of front entrance. This will become a second additional part of the repair and will likely require a second request for bids.
- III. **Elementary School parking lot lighting** – JJ Electric has submitted bid to install two 30 ft. aluminum poles and lights - \$7000. Town crews will provide trenching work. Mr. Coats will contact JJ Electric to verify cost and scope of work. Job is to be placed on hold at this point awaiting this info and any other pertinent details to include number of lights, placement of poles and any other relevant data.

Meeting adjourned at 7:40pm

Next meeting – November 22, 2010 7:00pm NS Elem. School
