

(Town Hall)

North Stonington Permanent School Building + Planning Committee

Minutes - Monday April 22, 2013 7pm Holly Green 2H

Present - S. Aiello, W. Coats, J. Lord, S. Costanza

- I. Minutes - 3/25/13 meeting, approved
- II. Invoices - none, no public comments
- III. Gymnasium Project - depending on weather, work to begin soon on addressing efflorescence problem on exterior wall. Contractor will test a variety of products in consultation w/Architect Springsteel prior to selecting the most effective product for final sealing.
- IV. Transfer of blueprints to disc - project is ongoing; coordinated by Mark Tate.
- V. Exterior doors at WHS - on hold. Committee will consult with Hammond Construction for quotes on this project. Will also involve minor floor repair nearest the doorway.
- VI. Exterior wall, Sr. Hallway/language arts wing at WHS - on hold. There are questions whether or not the AdHoc Bldg. committee has included this project within the scope of its full plans. This needs to be clarified prior to proceeding since the consensus was to delay committing any funds for a project already slated for renovation.
- VII. New business - W. Coats has investigated cost and specs for light replacement in ES parking lot. Alternatives exist - 200 watt vs. 400 watt fixtures and regarding proper placement. He will return with more info at our next meeting.

Meeting adjourned @ 8:15 pm

Next meeting - May 20, 2013 7pm Holly Green 2H
