Subject: [NNAC] Northborough Charter contract draft with committee comments from

Attached is the Charter contract draft with the comments generated at
the 8/13/08 "cable" committee meeting.

In attendance at the meeting were (in alphabetical order):

Bill August
Kathy Dalgliesh
Niel Middleton
Jim Murphy
Dick Swee
Kevin Wittman

A key action resulting from a significant concern was for Bill to
define the process for managing the pass-through payment. The process
needs to include a reconciliation mechanism for both Charter and
Verizon payments and the cost of the mechanism. This is because the
Charter contract specifies both a percent payment but with a Cap on
the total of both Verizon and Charter (even though specified in the
Charter contract). That is the total payment to the town and the
amount collected from its citizens from both Verizon and Charter is
governed by the Charter contract. What happens when the cap is

reached to the amount collected beyond the cap from residents.

This committee asked to review the mechanism before there is any agreement made with the vendors.
