Update on MSBA Green Repair Program for MMS

School is requesting new boilers and windows. The MSBA Green Repair Program could pay about half of this project. Currently the program has no reliable time-table and may require a special town meeting prior to town meeting.

If approved project could be funded with no impact on taxes.

Update on Capital Plan

Mr. Coderre briefly outlines town's capital plan.

Fire department still needs feasibility done.

Many projects have been deferred a year due to either timing issues or funding issues.

Other business

Committee discusses future schedule.
