Discussion of School's CIP

Superintendent Dr. Charles Gobron and Director of Business Cheryl Levesque present School CIP, starting with a review of the MMS Green Repair Project. Dr. Gobron discusses district wide need for classroom space due to special education, ESL, program needs, and school enrollment. If repair and renovation are not done extensive work will be needed on LSS and Peaslee.

School, in working with the Town, is looking at ways to fund smaller projects outside of bonding.
