Northborough Trails Committee Meeting Minutes January 22, 2008

Members present: Claude Guerlaine, Scott Karpuk, Art Cole, Jim Stein, George Curtis, Charlie Bradley

Others present; three representatives of the fire dept.

The firefighters demonstrated to the committee a proposal to the community preservation committee to be delivered to that committee on Jan. 31. The proposal was for funding for an all terrain vehicle capable of traveling on trails to carry fire and rescue equipment. They requested our support for their funding request. We voted to supply such support.

Minutes of the November 2007 meeting were approved.

Action on the election of officers was postponed to the February meeting, at which we expect to have more members present.

Charlie Bradley announced the resignation of Marielle Stone from her co-chair position. She will remain a member.

The dead end section of the existing Coyote Trail from the place where the Coyote Trail extension is under construction to the terminus, is renamed the Tall Grass Trail in honor of the meadow grass in the flood plain which grows to seven feet tall in many summers.

George Curtis agreed to replace Marilyn Drisko as the committee's public relations person.

We set the date of April 22 as the completion date goal for the new Coyote Trail Bridge across Stirrup Brook.

Arthur Cole, secretary
