1. Call to order 7:00 pm

3. Discussed the concept of developing a "Friends of Youth & Family Services" group to help provide alternate financial opportunities. It was decided that John Coderre would be invited to discuss the process.
4. There are 2 open student liaison positions on the Youth & Family Commission. The board discussed the benefit of recruiting 2 students at different grade levels to increase the number of different perspectives. It was also noted that recruiting students at different levels will allow for smooth transitions when senior members graduate. An application will be developed by Becca Haberman and students will drop them off with her to then be evaluated by Board Members.
5. A \$25,000 grant was awarded to the Department from the MetroWest Community Health Care Foundation. These funds will be used to fund a position for a part-time clinician for one year.
6. June is in the process of interviewing graduate interns for the 2009 Academic Year.
7. No other business was discussed. Meeting adjourned at 8:50pm.
