

## CITY OF OAK HILL

WORKSHOP MEETING: PUBLIC WORKS BUILDING

5:30 P.M. – COMMISSION CHAMBERS - CITY HALL

March 25, 2013

### MINUTES

#### A. OPENING

Present at Roll Call: Mayor Douglas Gibson, Vice Mayor Jeff Bracy, Commissioners Kathy Bittle, Robert Livingston and Ron Engele.

#### B. PUBLIC WORKS BUILDING - LOCATION

Commissioner Engele directed the Commission to the conceptual drawing of the Public Works and showed them the equipment that would be able to fit inside the proposed building. Commissioner Engele then invited everyone to go out back of City Hall to physically survey the property and possible location of the building.

After 10 minutes the Commission returned to their seats.

Commissioner Livingston suggested the building face East to West and the Mayor agreed.

Commissioner Engele stated he believed a North to South orientation would be appropriate and would easily allow for the required setbacks.

The Mayor suggested putting the building on the North side of the property instead of the South.

The Mayor stated he would get a few proposals for clearing a portion of the trees and brush on the South side of the property, leaving a 20 foot buffer.
