"Beach" means Pine Point Beach and/or Old Orchard Beach.

"Old Orchard Beach" means the sand beach bordering the Atlantic Ocean from the Old Orchard Beach/Scarborough town line to the Saco city line.

The application must be accompanied by identification issued by a government agency and by the application fee required by the schedule of license, permit and application fees in the municipality where the application is made. If the applicant is a minor, the application must be signed by a parent or guardian, who must supply the required identification (the minor need not supply identification). Along with the permit, the town clerk shall also issue a permit number tag, designed to be worn by the rider and visible at a distance, which shall contain the permit number in numerals at least two and one-half inches high, the name of the permit holder and the name of the issuing municipality, and may contain such other information concerning the permit as the clerk deems appropriate. A permit issued by either municipality shall be valid in both municipalities. Permits are valid only between October 15<sup>th</sup> and May 1<sup>st</sup>. All permits, whenever issued, expire on May 1<sup>st</sup>. The town clerk who issues the permit may suspend or revoke the permit if the rider violates any provision of this section 42-202 and may decline to issue a subsequent permit to a rider who has violated any provision of this section 42-202.

(f) **Regulation of horses on the beach.**

(1) Horses are allowed on the beach only from October 15<sup>th</sup> through May 1<sup>st</sup>.

(3) Parking of horse trailers is limited to the Milliken Street Municipal Parking Lot in the Town of Old Orchard Beach and Hurd Park in the Town of Scarborough.

(4) Any rider or owner who allows a horse to be present on the beach must remove and dispose of animal waste in the same manner as is required for dog feces under section 14-7 of this Code.

**Third and subsequent violations:** Not less than \$250.00 and not more than \$500.00, plus costs.

A person issued a civil violation citation for violating this section 42-202 may elect to pay the minimum penalty specified above for each violation alleged in the citation, in lieu of appearing in court to answer the citation. Such payment must be received at the Office of the Old Orchard Beach Town Clerk in the amount specified in the citation prior to the court appearance date specified in the citation. Upon receipt of such payment by the clerk, the town shall cause the citation to be dismissed. However, the violations alleged in the

citation shall be deemed admitted for purposes of assessing any future penalties under this section.

If a horse is present on the beach in violation of this section 42-202 and the rider is not the owner, the owner shall be jointly and severally liable with the rider for civil penalties.

(b) When any multifamily residential development is reviewed by the planning board as a conditional use pursuant to chapter 78, the planning board shall have the authority to waive or amend the requirements of this division in the same manner as the town council is authorized to do by this section. **Sec. 50-114. Designation of street names.**

If duplication is found in existing street names, precedence shall be accorded the street which has held the name the longest or the one which has the greater number of abutting developed properties.   - (c) Current names of streets shall not be changed unless they are classified as prohibited as specified in subsections (a) and (b) of this section.   - (h) If there are three or more developed parcels that abut a private lane or way, the owners of those lots may petition the town council to name the private way. The assessor shall issue street numbers for that street. It will be the sole responsibility of the owners to maintain a street sign at the entrance to the private way in accordance with the public works department's standards for public road signs. The name of the private way shall not conflict or sound similar to any existing street name.

- (c) Upon assigning a number to any new dwelling, place of business or building, the assessor shall send written notice of the assigned number to the owner, occupant or person in charge of the dwelling, place of business or building. Any owner, occupant or person in charge of a dwelling, place of business or building which is numbered and not in compliance with this division shall also be notified to change the existing number by the procedure set forth in subsection (a) of this section.
- (d) Where a building contains more than one dwelling or place of business, the assessor shall determine whether each dwelling, place of business or building shall be assigned its own street number or whether, because of the quantity or configuration of the dwellings or places of businesses, only one street number should be assigned to the building.

(Ord. of 4-1-1997, § 6; Ord. of 1-6-1998)

**Sec. 50-116. Display of numbers.**

**COUNCIL:** There were several issues raised by the Council that were brought up during this segment of the Public Hearing. Councilor Dayton questioned the event permit process being used by the Ballpark and the Town Manager explained that in connection with use of the park there is a schedule kept when the Ballfield is being used so no special permit is required for this. Councilor Dayton again indicated that the Ballpark is town owned property and that there are legal and insurance obligations required and she was

concerned that not following the structured procedure could cause legal issues in the future. She requested a copy of the form that is being used and she also requested that the schedule be placed on the website as well as the ballpark site. It is a town event, she explained, and town-owned. She questioned where the master list is kept and again reiterated that this needs to be on the website for citizens to see.

**MR. JOHN BIRD:** He also expressed concern that the Ballpark policies were deviating from what had originally been determined and part of past presentations.

#### **TOWN MANAGER'S REPORT:**

Since my last report to the Council I have been involved in discussions with Bernstein & Shur, Scarborough and Sanford Dispatch operations relative to the possible plan to use one of them for dispatching services.

Attended a meeting with the Department of Transportation which is relevant to Agenda Item 5528 this evening and the Phase II – Safe to School grant.

Met with the Lifeguard leadership and Chief Glass to discuss Lifeguard responsibilities and expectations along with the concerns of the current beach resulting from the storms. As you

know I am working with FEMA to see what we can do at the beach to improve conditions. I realize the added responsibility the lifeguards are facing this year and feel they are doing an excellent job. I will meet again with the Lifeguards in the near future partiuclaly if we have an opportunity to move sand.

I have attended two meetings of the Ballpark Commission.

Participated in further Waste Water Contract Negotiations.

Met with Ed Leonard of Wright Pierce on matters relative to Waste Water.

Attended and participated in the Ballpark Barbecue this past weekend and would like to thank all those who participated and worked so hard.

#### **NEW BUSINESS:**

**# 5528 Discussion with Action Accept the plans for the Phase II - Safe Route to School grant approved by the Department of Transportation in the amount of \$180,000 with matching amount of \$35,723 in-kind Town contribution and \$27,000 in engineering costs from Account Number 20151/50300 – Public Works Professional/Engineering with a balance of \$40,000.**

**RYAN WINGARD: BACKGROUND: Ryan Wingard of Wright Pierce and the Town Manager met with the Department of Transportation who were very receptive to the Council's suggested changes to the E. Emmons Cummings Boulevard as part of the Phase Two to the "Safe to School Route" project.**

**On May 27, 2010, a Workshop was held at which the Council made the following suggestions:**

#### **Site 1 (Middle School)**

- 1. Remove speed tables and replace with at-grade textured concrete crossings.**
- 2. Add "School Zone" signage near intersection (if allowed by MeDOT).**
- 3. Verify esplanade width to ensure that parking can be maintained at school.**
- 4. Remove trees in front of new police station so as to not block view of the new building.**
- 5. Maintain existing ball park sign at corner of EEC and Ball Park Way.**
- 6. Police station project budget should consider widening Ball Park Way.**

#### **Site 2 (High School)**

- 1. Maintain existing trees along Phase I path because they were class gifts.**
- 2. Sidewalk should be asphalt versus pavers to save budget.**
- 3. Add sidewalk from Phase I path to existing sidewalk along northwest side of access road.**
- 4. Consider new sidewalk near Cider Hill corner instead of improvements at high school.**
- 5. Councilor Dayton not in favor of increased pavement area at high school.**
- 6. Consider less parking area.**
- 7. Consider extending new sidewalk to new Phase I path instead of east towards ball fields.**

### **Site 3 (Little League Field)**

- 1. Consider site lines and remove trees near crosswalk.**
- 2. Remove speed tables and replace with at-grade textured concrete crossings.**
- 3. Do not show sidewalk along EEC.**

The following changes to the EEC Phase II design that addressed the May 27, 2010 workshop questions were presented this evening and are listed below:

### **Site 1 (Middle School)**

- 1. Speed tables removed and replaced with at grade textured concrete crossings.**
- 2. "School Zone" signage near intersection is not allowed by MeDOT. W-P to determine if signage can be located closer to the school. Councilor Tousignant asked about the price of the solar powered school zone flasher and electrical hookups. W-P noted that the cost is between \$8,000 and \$9,000 and that there are not electrical hookups since the flasher is solar powered.**
- 3. W-P verified that two rows of parking can be maintained with a new sidewalk and esplanade. Councilor O'Neill was concerned that the school employees would not be able to "double park" in the spaces closest to the road and would like the school to approve the design and potential change in parking. Councilor O'Neill questioned the need for a sidewalk in this area as it appears that it does not connect to other sidewalks. W-P explained that the Saco/EEC intersection project will include new sidewalk from the intersection to the parking lot. The parking lot sidewalk will also be connected to the existing Phase I path via a crosswalk.**
- 4. Trees in front of new police station have been removed from design.**
- 5. Existing ball park sign at corner of EEC and Ball Park Way will remain.**
- 6. Widening of Ball Park Way is outside of the design for this project.**

### **Site 2 (High School)**

- 1. Existing trees along Phase I path will remain.**
- 2. Proposed sidewalk changed from pavers to asphalt to save budget.**
- 3. A new sidewalk is proposed from the Phase I path to the existing sidewalk along northwest side of access road.**
- 4. Parking area improvements have been removed from the design and new sidewalk has been added from Dirigo Road to the Public Works Garage.**
- 5. Existing sidewalk along east side of access road will be rehabilitated.**

### **Site 3 (Little League Field)**

- 1. Trees have been removed from design in consideration of pedestrian sight lines.**
- 2. Speed tables removed and replaced with at grade textured concrete crossings.**
- 3. Proposed sidewalk along EEC removed from design.**
- 4. Councilor Tousignant asked about what the \$22,441 will cover at this site. W-P explained that this covers the brick landing area, landscaping, and plantings. The parking lot and associated sidewalk will be in-kind by OOB.**

### **Site 4 (Sidewalk from Dirigo to Public Works Garage)**

- 1. A little less than 2,000 lineal feet of 5 foot sidewalk and associated crosswalks and ADA ramps.**

**MOTION:** Councilor O'Neill motioned and Vice Chair Tousignant seconded to Accept the plans for the Phase II - Safe Route to School grant approved by the Department of Transportation in the amount of \$180,000 with matching amount of \$35,723 in-kind Town contribution and \$27,000 in engineering costs from Account Number 20151/50300 – Public Works Professional/Engineering with a balance of \$40,000 after assurance from the RSU is received that they agree with the changes.

**VOTE:** Unanimous.

**# 5529 Discussion with Action:** The Sewer Appeal of Moshe Agam, 26 Old Orchard Street (206-4-3) Pursuant to Section 58-124 of the Utilities Ordinance.

**MOSHE AGAM:** Mr. Agam will make an appeal to the Council this evening. He has presented to the Council a description of his reasoning for the Appeal. He indicated that to start off he wanted to give a brief recap of the entire issue to clear up any misunderstandings. In October of 2008, the Town Council approved and completely agreed to reimburse me in the entire amount of \$5,100 (this amount covers half of the payments required for the sewer system under Imperial Street). This amount is in no way related to me. Above all, every member of the Town Council approved to reimburse me with the \$5,100. Since October of 2008, I have YET to receive the \$5,100. I have spoken REPEATEDLY to Jack, the Town Manager, about my reimbursement, (only because he wasn't involved in this situation). I also want to clarify that I paid another \$12,000 for the amount due for the sewer system that runs under my building. That sewer system connects the sewer system from under my building to the sewer system of the city. All I am concerned with is to receive your approval to reimburse me with the amount of \$5,100, (which was approved by you, the Town Council, in October of 2008). To clarify the matter further, the reimbursement of the \$5,100 has in no way whatsoever a connection to the meeting that took place in June of 2010. To this letter is attached the receipt of \$10,200, which covers the cost of the sewer system connecting my building to that of Imperial Street. Aside from this amount of \$10,200, I paid another \$5,100 to the city, which covers the cost of the sewer system from the top to the bottom of Imperial Street. If there was a misunderstanding in the matter, I have attached a detailed diagram explaining the situation (In total, below I attached the receipt and the diagram).

**GARY LAMB:** He indicated that council did not agree to reimburse him \$5100, they simply applied it to his \$13,200 bill, and then forgave the remaining \$8100 at their recent meeting. Moshe paid \$5,100 as half of a \$10,200 excavation and construction bill to connect his new building to Imperial Street sewer. Even though he signed a written agreement to pay this amount, he is now asking this \$5,100 be reimbursed to him. His reasoning is, in part, because the Town sewer line under Old Orchard Street was broken (correct and verified by sewer video) and the Town would rather dig up Imperial than Old Orchard Street. He is correct when he states this situation started when the broken Town-owned sewer under Old orchard Street was discovered. Moshe then received the \$5,100 as a credit against the \$13,200 he owed per sewer ordinance for his four new second floor apartments sewer connection fees (4 time \$3,300 per dwelling unit). This left him with a balance due of \$8,100. At the June 1, 2010 meeting the Town Council (Agenda Item number 5497) considered information re: former hotel rooms and sewer usage and granted Moshe a \$7,717.50 sewer fee waiver, leaving a balance of \$382.50. Mr. Agam is

C:\Documents and Settings\kmclaughlin\Local Settings\Temporary Internet Files\OLKE\7  
20 10 minutes.doc Page 37 of 43

now requesting the original \$5,100 payment for Imperial Street work be refunded to him. Staff does not support this request because per ordinance Section 58-124, the thirty day appeal period for the April 2008 payment has expired. Mr. Lamb also indicated an e-mail from February 29, 2008 in which it indicates that Mr. Agam will exit his new building out the rear with water and sewer lines to Imperial instead of out to Old Orchard Street; DPW will pay for a new sewer manhole on Imperial and removing the existing one just uphill. Mr. Agam will be responsible for lines until they connect with the Street main – this is per OOB Ordinance according to Mary Ann Conroy; break in pipe on Old Orchard Street could be up to ten years old when the sidewalks were last dug up. The break is under the sidewalk but is still the responsibility of Mr. Agam if it is in the solo line to his business. The Public Works Director, Mary Ann Conroy, paid for half of the \$10,000 Imperial Street solution and she did not have to do that.”

Questions were raised by the Council but it was finally determined that it would be best to conduct a workshop in which this issue could be presented and discussed. It was requested that an indication of the payments be itemized to account for the \$13,200.

**MOTION:** Vice Chair Tousignant motioned and Councilor Dayton seconded to Remove Without Prejudice the Sewer Appeal of Moshe Agam, 26 Old Orchard Street (206-4-3) Pursuant to Section 58-124 of the Utilities Ordinance and to schedule a workshop to discuss the details regarding this issue.

**MOTION:** Councilor O’Neill motioned and Councilor Dayton seconded to Approve the Special Event Permit application for the Johnson Family Cook-out on the beach in front of 213 East Grand Avenue on Sunday, August 1, 2010 from 1:00 p.m. to 6:00 p.m.

**VOTE:** Unanimous.

Cash 5K on June 25, 2011 that was approved by the Town Council on February 16<sup>th</sup>, 2010, keeping the location in the Square, but changing the banner location of Saco Avenue to Cascade Road.

**MOTION:** Councilor O’Neill motioned and Vice Chair Tousignant seconded to Approve the Amendment to the Special Event Permit application for the 7<sup>th</sup> Annual Captain Christopher S. Cash 5K on June 25, 2011 that was approved by the Town Council on February 16<sup>th</sup>, 2010, keeping the location in the Square, but changing the banner

**# 5533 Discussion with Action: Accept the bid of \$10,981.44 from The Animal Welfare Society, Inc., for the providing of Animal Shelter services to the Town of Old Orchard Beach, from Account Number 20135-50310 – Animal Control/Service Contract, with a balance of \$12,240.**

**CHIEF DANA KELLEY: The two bids received were:**

<b>Animal Refuge League of Greater Portland</b>	<b>\$10,804.32</b>
<b>The Animal Welfare Society, Inc.</b>	<b>10,981.44</b>

**Background: Conversations were held with both Executive Directors, Steve Jacobson of The Animal Welfare Society, Inc of Kennebunk; and Patty Murphy of Animal Refuge League of Greater Portland. Both of these shelters would be acceptable and both Directors spent time explaining the excellent services provided. At the same time we asked for recommendations from the Community Animal Committee and also others who participated in the petition drive for the Shelter. Although everyone agreed that both shelters would provide the care and keeping to our animals, the majority indicated they felt that considering the cat population presently overcrowding the Animal League of Greater Portland, that it would be better to negotiate the contract with The Animal Welfare Society, Inc. of Kennebunk. It should be noted that The Animal Welfare Society, Inc. presently handles over 20 other municipalities; and the Animal League of Greater Portland has approximately thirteen contracts with municipalities. Again, both of these Shelters serve York County with great sensitivity to the care and keeping of animals. More information on the two shelters are available on their web sites. Again, those involved in this project would like to thank the present Town Council for budgeting this for the coming year.**

**MOTION: Councilor O'Neill motioned and Vice Chair Tousignant seconded to Accept the bid of \$10,981.44 from The Animal Welfare Society, Inc., for the providing of Animal Shelter services to the Town of Old Orchard Beach, from Account Number 20135-50310 – Animal Control/Service Contract, with a balance of \$12,240.**

**VOTE: Unanimous.**

**# 5534 Discussion with Action: Set Public Hearing Date of August 3, 2010 to Amend Chapter 2, Division 8 – Ballpark Commission – Section 2-401.**

**TOWN MANAGER: Sec. 2-401. Authority to appoint agents. The Commission may, with the consent of the Town Manager and the vote of the Town Council, designate one or more of ~~its~~ the members or other volunteers to serve as the commission's agents for carrying out the commission's responsibilities. Such agents may not, however, bind the town to any contractual or financial commitments unless expressly authorized to do so by the town council. (Ord. of 3-16-2010, § 7). He explained that this was an extension of the present Ordinance so there is a legalistic approach to the use of other volunteers.**

**MOTION: Vice Chair Tousignant motioned and Councilor O'Neill seconded to Set Public Hearing Date of August 3, 2010 to Amend Chapter 2, Division 8 – Ballpark Commission – Section 2-401.**

**PAUL LADAKAKOS: He indicated he heard there were alternates wishing to move up and he would remove his name from consideration.**

**COUNCILOR TOUSIGNANT: He asked in the future if that determination could be made before an issue is put on the agenda in the first place.**

**MOTION: Councilor Dayton motioned and Councilor O'Neill seconded to Appoint Alfred Hills and David Huntington as Election Wardens; Urbain Goulet, Jerome Plante as Deputy Wardens, terms to expire July 20, 2011; and Appoint Jason Webber as a Regular Member of the Comprehensive Plan Committee, term to expires December 31, 2011.**

**# 5537 Discussion with Action: Accept proceeding with Approach No. 2 (Abandon Excavation/ Install Helical Piles) to addressing unsuitable soils for the generator**

foundation at the West Grand Pump Station Upgrade project. Costs for differing subsurface condition to be addressed via project contingency funds from Account Number 31142-50847 – Bond – West Grand Pump Station.

**ED LEONARD OF WRIGHT PIERCE:** As noted in my July 8 email on the subject matter, we encountered several feet of unsuitable soils underlying the generator excavation (silts and peat). This situation represents a "differing subsurface condition" in accordance with the Contract Documents and will result in a change order to the Contractor to provide for a suitable foundation base. A chronology of events is provided below:

- A soil boring was performed at the project site in 1971 within 20' of the generator excavation. This boring showed fine to coarse sand with some silt. This boring showed materials that appeared reasonable for the site and it was relied upon for the design phase. The generator base elevation was designed at EL 8.0 (4.5 ft below grade).
- Pizzagalli began the excavation on July 8 and encountered peat. Pizzagalli submitted RFI-005 identifying the condition and asking if they should explore further at the direction of SW Cole (Materials Testing Firm). W-P directed Pizzagalli to investigate on a time and materials basis to excavate a deep test pit (RFI-005). In the test pit exploration, peat was found down to EL 3.7 (~8.8 ft below grade).

- While it appeared that the bottom of peat was found, we were not able to be certain. The presence of peat below the foundation would very likely result in large settlement (2"-3") and potentially differential settlement across structure.

- In order to better assess whether there was peat at depths greater than 9 ft below grade, W-P requested that SW Cole perform soil borings directly adjacent to the excavation under the Materials Testing contract between SW Cole and the Town. These borings were conducted on July 13. No additional peat was found in the two borings.

- An excavation plan was developed and provided to Pizzagalli on July 14 (RFI-005A).

- Pizzagalli started their excavation on July 19 and found several additional thick peat pockets within the excavation down to EL 0.0 (~12 ft below grade). The peat is clearly discontinuous.

- Given the tight site constraints, carrying on a deeper excavation will require some method of shoring to protect the integrity of the excavation and the safety of the workers.

**West Grand Pump Station Upgrade**

#### **Status of Unsuitable Soils Item**

Based on the above findings, there are 3 potential implementation approaches:

#### **1. Abandon Excavation/ Backfill and Construct Foundation.**

This approach involves not advancing the excavation beyond EL 3.0, backfilling with compacted materials and constructing the foundation. This approach involves more risk of settlement and, more importantly, differential settlement (1" to 3" settlement). Up to 3 inches of settlement could be designed for, but the potential for differential settlement is not desirable. If there was residual peat present, this settlement would tend to occur over 12-24 months. The best available estimate of additional cost for this approach is \$15,000 to \$20,000.

#### **2. Abandon Excavation/ Install Helical Piles.**

This approach involves backfilling the existing excavation and installing up to 8 helical piles to support the generator foundation on suitable soils/bedrock. This approach will eliminate the influence of peat from the process and has the least risk (less than 1"

settlement). This approach could be implemented in a lump sum price. The best available estimate of additional cost for this approach is \$25,000 to \$30,000.

### **3. Continue Excavation to Remove Peat.**

This approach will involve the Contractor proceeding with a shoring system and modifying their groundwater dewatering system deeper. Given the uncertainty on where the peat is and is not, this approach probably falls between approach 1 and 2 above with regard to risk (1" to 3" settlement). The best available estimate of additional cost for this approach is \$50,000 to \$60,000.

Given the tight site, the discontinuous nature of the peat and the time factors involved, we recommend implementing Approach 2 as the best method to address the on-site unsuitable soils.

Approach 1 and 2 fit within the available contingency funds budgeted for the project.

Approach 3 exceeds the available contingency funds budgeted for the project.

**VICE CHAIR TOUSIGNANT:** Vice Chair Tousignant asked the questions of what is the cost of the generator portion of the project to which Mr. Leonard answered \$150,000 to \$175,000.

**COUNCILOR DAYTON:** She asked is there was any need to notify the Department of Environmental Protection? The Council requested that he continue to be posted on the status in a timely manner.

**MOTION:** Vice Chair Tousignant motioned and Councilor Dayton seconded to Accept proceeding with Approach No. 2 (Abandon Excavation/ Install Helical Piles) to addressing unsuitable soils for the generator foundation at the West Grand Pump Station Upgrade project. Costs for differing subsurface condition to be addressed via project contingency funds from Account Number 31142-50847 – Bond – West Grand Pump Station.

**VOTE:** Unanimous.

**GOOD AND WELFARE:**

**COUNCILOR DAYTON:** She expressed her desire for an update on the Sewer User Fees issue and also the Dispatch update.

**VICE CHAIR TOUSIGNANT:** He spoke about the seagull problem in the square where they are in mass and actually taking food out of people's hands. He asked the Manager to see if there is anything that can do to make the situation better.

**PAUL LADAKAKOS:** He indicated this is a problem at the beach forever and really no solution.
