Hartford, CT 06106

Gentlemen:

Attached herewith is a copy of adopted Amendments to the Old Saybrook Inland Wetlands and Watercourses Regulations.

These amendments were adopted at a Public Hearing held by the Old Saybrook Inland Wetlands Commission on April 19, 1990.

Very truly yours,

Charles Monte
pm

Charles Monte
Chairman

CM:pm

AMENDMENTS TO THE OLD SAYBROOK
INLAND WETLANDS AND WATERCOURSES REGULATIONS

Section 11.2

After the first sentence, substitute the following for the balance of the paragraph:

The hearing shall be completed within 45 days of its commencement and action shall be taken on such application within 35 days after completion of a public hearing. In the absence of a public hearing, action shall be taken on applications within 65 days from the date of receipt of such application. The applicant may consent to one or more extensions of the period specified in this subsection for the holding of the hearing and for action on such application, provided the total extension for any such period shall not be for longer than the original period as specified in this subsection or may withdraw such application. If the Commission fails to act on any application within 35 days after the completion of a public hearing, or in the absence of a public hearing, within 65 days from the date of receipt of the application, or within any extension of any such period, the applicant may file such application with the Commissioner of Environmental Protection who shall review and act on such application in accordance with this

section. Any costs incurred by the Commissioner in reviewing such application for the Commission shall be paid by the Town of Old Saybrook. Any fees that would have been paid to the Town of Old Saybrook, if such application had not been filed with the Commissioner, shall be paid to the state. The failure of the Commission or the Commissioner of Environmental Protection to act within any time period specified in this subsection, or any extension thereof, shall not be deemed to constitute approval of the application.

Section 14.7

Add to the existing section as follows:

The petitioner may consent to one or more extensions of the periods specified in this subsection for the holding of the hearing and for action on such petition, provided the total extension for any such period shall not be for longer than the original period as specified in this subsection or may withdraw such petition. The failure of the Inland Wetlands Agency to act within any time period specified in this subsection, or any extension thereof, shall not be deemed to constitute approval of the petition.

Section 8.1

Delete the remainder of the paragraph after the first sentence.

Add new Section 9.5:

Upon the scheduling of a public hearing, the applicant shall erect, or cause to have erected, a sign on the premises which is the subject of the public hearing. Said sign shall be provided by the field engineer upon request of the applicant. Said sign shall be installed by the applicant no less than 15 days prior to the date of the hearing. The sign shall be securely fastened or staked, be clearly visible from the street closest to the affected property, and be maintained as such until the close of the public hearing or any adjournments thereof.
