

MARINER'S WAY
OLD SAYBROOK, CT

Brownfields Assessment [Summary of Findings](#)

Old Saybrook received a Brownfields Assessment Grant from the CT Department of Economic and Community Development (DECD) to conduct an environmental contamination assessment on nine former industrial properties located along Mariner's Way. Old Saybrook hired the environmental engineering firm Tighe & Bond to conduct the study including: Phase I, Phase II and Phase III assessments on the property; a Hazardous Building Materials Assessment on the buildings; and develop Opinions of Probable Cost to remediate the contaminated areas. The [Summary of Findings](#) is an overview of the assessment results. A public presentation of the findings will be this Thursday, October 19 at 9am in the First Floor Conference Room of Town Hall.
