RE: Your letter dated February 6th, 2014

Dear Mr. Dix,

Thank you for your correspondence, which I will share with members of the WPCA.

The WPCA has a long-standing relationship with Gary Yuknat of Shoreline Sanitation and will contact him directly for his input.

The WPCA engaged in an open process to select a consulting firm, Woodard & Curran, and work with them to review the issues you have raised. Woodard & Curran, in the conduct of a study, advised the WPCA and/or made recommendations to the WPCA. The WPCA has adopted those recommendations and moved on.

Thank you for your continued interest in our project

Kurt J. Zemba
Chairman, WPCA
