JH has sent copies of the RFP to (4) prospective suppliers. Orleans has requested an amount of 500K +/- kWh for NMC consideration. The suppliers include:

- Blue Wave Capital
- Borrego Solar
- CVEC
- My Generation Energy

OREC has created a spreadsheet (.XLS) in order to enter all the data received from the (4) potential suppliers. This will enable us to evaluate the individual responses to our RFP.

There was no new information available regarding the N-Star interconnection plans for the Orleans Capped Landfill.

Since the town will be holding a special town meeting in Oct, we need to discuss whether a new article will be required for a new offtaker proposal. John Kelly and Michael Ford are reviewing this issue.
