

Marine and Fresh Water Quality Task Force
Minutes, June 18, 2012
Orleans Town Hall, Skaket Room

ORLEANS TOWN CLERK

'12 JUL 16 11:31AM

C. D. May

Attending Members: Carolyn Kennedy, Gilbert Merritt, Bob Royce, Ken Scott, Judy Scanlon, Larry Minear

Guests: Charles Harris, Eastham
Judy Hunt, Orleans

Chair Carolyn Kennedy called the meeting to order at 10:05 am

1) May Meeting Minutes: Approved 6-0-0

2) Cedar Pond: We discussed the LUSH Cosmetics grant to Orleans Pond Coalition (OPC) for sampling. Questions about a project specific QAPP will be addressed by Judy Scanlon with OPC.

3) Boland Pond: We need a sampling protocol and sample kits for first catch rain run off sampling. Judy Scanlon will make contact with Jim Junkins, owner of the Friends Market business to explain our sampling. We also need to check with Mark Budnick about other pipe outfalls to be sampled.

4) 2012 Estuary Sampling: Carolyn has the roster of samplers almost completed. We could still use a few more alternates. Second Orleans sampler training will be held at the River Road Town Landing at 6 pm Monday June 25. Chatham training for Pleasant Bay watershed is yet to be scheduled. Carolyn will advise the affected samplers ASAP.

Sample dates are: Monday 7/9, Tuesday 7/24, Tuesday 8/7, Wednesday 8/22, and Thursday 9/6.

5) Fresh Water Pond Sampling (PALS): Preliminary data sheets from SMAST for 2011 were reviewed and found to be garbled. Carolyn will address with SMAST. 2012 spring sampling is complete and samples are ready to go to the lab for analysis.

6) Nauset Harbor Embayment MEP: The report is complete and available on the Orleans Town website. The Task Force is encouraged to read it before next meeting.

7) Next Meeting: July 16th

Meeting adjourned: 11:15 am

Respectfully submitted:

Gilbert Merritt
