

**PGDC Members Present:** Leighton Price, Christine Pratt & Richard Knox

---

**7:00 pm      Opening Welcome—**

Mr. Burke gives attendees a PowerPoint overview of key Parking Master Plan study findings to the nine community members in attendance.

**7:40 pm      Interactive Breakout Session—**

Attendees divide into five groups and brainstorm what they believe to be Park Plymouth's top challenges and opportunities to improve parking. They review comments with Mr. Burke. Some challenges mentioned include lack of ADA compliance and signage, updating meter technology and placement of meters, controlling who parks in lots, overnight parking, proximity of parking spaces to activities, creating shared parking arrangements with private lot owners, placing a visitor's center at exit 7, lot maintenance, incorporating GPS technology, and a basic need to educate the public about the program. Please refer to the March Handout files in the 2011 Minutes Binder for complete information.

**9:00 pm      Workshop Conclusion**

Respectfully submitted by PGDC Secretary Mr. Alan P. Zanotti –
