ARTICLE 28. Voted that the Town amend the Section XIX of the Zoning By-Laws by the addition of SECTION XIX: WORCESTER ROAD VILLAGE OVERLAY DISTRICT to read as follows:

<u>Purpose</u>. The purpose of the Worcester Road Village Overlay District ("VOD") is to encourage by special permit mixed residential and compatible business uses with a layout and architectural style that is consistent with Princeton's history and character, set back from Worcester Road with internal pedestrian traffic, as an alternative use and pattern of land development. The VOD will support three goals outlined in the Master Plan: preserve the rural character of Princeton, provide alternative housing, and enhance economic development.

- 2. Relationship to Other Bylaw Provisions.
 - Where the VOD requirements and design standards are different from those set forth in A. the Zoning Bylaws for the underlying districts, the VOD requirements and design standards shall control for any development under this Section XIX.

7:58PM

Town of Princeton

Annual Town Meeting

B. Except as may be specifically provided in this Section XIX, any structure or use in the VOD shall comply with all requirements of the Zoning Bylaws.

3. <u>VOD Boundary</u>. The boundary of the VOD is from the northerly edge of Stage Coach Road along the westerly side of Worcester Road as far north as the Business District on the westerly side of Worcester Road exists or may be extended, to the back of all lots existing at the time of enactment of this Section XIX that have frontage on Worcester Road.

- 4. <u>Objectives</u>. The VOD is a flexible zoning tool designed to meet the following objectives:
 - A. Encourage a "smart growth" form of business development set back from Worcester Road, rather than a sprawl style of development typified by strip malls.
 - B. Encourage mixed residential and compatible business uses in the same structures and on the same parcels so that there will be more businesses within Princeton available to provide goods and services to residents of Princeton.
 - C. Create a traditional New England village character and land use pattern with mixed residential and compatible business uses.
 - D. Provide opportunities for greater density and intensity of use than are otherwise allowed under the Zoning By-Laws.
 - E. Require that all development within the VOD be designed in a manner that is consistent with Princeton's Colonial and Nineteenth Century architectural styles.

5. <u>Permitted Uses</u>.

- A. Uses as of Right.
 - 1. Any use permitted in a Rural-Agricultural District.
 - 2. Any use permitted in a Business District, provided that the use is located only in the underlying Business District.
- B. Uses requiring a Special Permit from the Planning Board under this Section XIX and site plan approval under Section XII of the Zoning Bylaws.
 - 1. A residential use combined with one or more of the following business uses in the same building or on the same parcel:
 - a. retail store
 - b. restaurant, pub, coffee shop, or other similar uses serving food or beverages, but not with a drive through window
 - c. business, professional office, bank or other similar uses
 - d. museum, art gallery, craft store, or other similar uses
 - e. health care clinic, doctor's office, dentist's office, optician, or other similar uses
 - f. bakery, brewery, or other similar uses
 - g. service establishment, but not a gas station, automotive repair, body shop or similar facility, provided that the proposed activities in the service establishment will not be offensive, injurious, or noxious because of noise, vibration, smoke, fumes, dust, odors, danger of explosion, or other characteristics detrimental to an area with mixed residential and business uses.
 - h. place of business of caterer, confectioner, decorator, dressmaker, mortician, craftsman, member of a building trade, or other similar uses
 - i. gymnasium, health club, or other similar indoor recreational uses

When a residential use is combined with a business use as provided in this Section 5.B.1, the residential use shall not be on the ground floor and shall comprise not more than 75% of the gross floor area of a building. There shall be not more than two bedrooms in any residential unit in a building.

2

Annual Town Meeting

May 12, 2015

- Hotel, motel, rooming house, boarding house, ski lodge or other similar uses, provided that the building has no more than 20,000 gross square feet.
- 3. Light manufacturing, research laboratory, or other similar uses, provided that the proposed activities will not be offensive, injurious, or noxious because of noise, vibration, smoke, fumes, dust, odors, danger of explosion, or other characteristics detrimental to an area with mixed residential and business uses, and further provided that the building has no more than 40,000 gross square feet.
- 4. Retirement home, assisted care facility, extended care facility, nursing home, hospice or other similar uses, provided that the building has no more than 40,000 gross square feet.

6. <u>Requirements</u>.

- A. Multiple Buildings. More than one principal building (and more than one use in a principal building) may be located on a parcel by special permit.
 - 1. No principal building shall be located in relation to another principal building on the same parcel, or on an adjacent parcel, so as to cause danger from fire.
 - 2. All principal buildings on a parcel shall be served by access ways suitable for fire, police, and emergency vehicles.
 - 3. Multiple principal buildings on the same parcel shall be accessible via pedestrian walkways connected to the required parking for the premises and to each principal building.
- B. Building Size. No building shall have a footprint of more than 10,000 square feet.
- C. Ground Coverage. The ground coverage of all buildings and parking lots on a parcel shall not exceed 75% of the total area of the parcel. The ground coverage of all roadway and driveway areas and associated sidewalks and pedestrian ways shall be excluded from this requirement.
- D. Setbacks.
 - 1. All parking areas shall be set back a minimum of 30 feet from the edge of the right of way for Worcester Road.
 - 2. All buildings shall be set back a minimum of 60 feet from the edge of the right of way for Worcester Road.
 - 3. Adjacent residences. All parking areas shall be set back a minimum of 30 feet, and all buildings shall be set back a minimum of 50 feet, from the edge of any parcel adjacent to the VOD that is used for a single family residence.
 - 4. Within a parcel in the VOD, there shall be a distance of at least 20 feet between buildings on the parcel.
- E. Height. The top of the roof line of any building shall be no more than 40 feet from ground level. If the building is constructed on sloping land, the height of the top of the roof line shall be measured on the up slope side of the building.

7. <u>Design</u>. The overall goal of design for the VOD is to present the appearance of a traditional New England village center, using elements that reflect the colonial and nineteenth century architectural history of Princeton.

- A. The criteria in Section XII of the Zoning By-Laws and in the Rules and Regulations of the Planning Board shall be applied in a manner consistent with the overall goal of design for the VOD.
- B. Walls and Fences. Designs may include fieldstone walls. Designs may include split rail fences, picket fences, or similar sight-pervious fences. There shall be no chain link fences, barbed wire fences, or similar structures visible from Worcester Road or from any parcel adjacent to the VOD that is used for a single family residence. There shall be no sight-impervious fences such as stockade fences or board and batten fences except as may be necessary to provide a sight or sound barrier for any parcel adjacent to the VOD that is used for a single family residence.

Annual Town Meeting

- C. Sound barrier. Design shall include a reasonable sound barrier for any parcel adjacent to the VOD that is used for a single family residence for noise generated by any non-residential use in the proposed development in the VOD.
- D. Parking. No more than one-third of the required parking for a use shall be located between the building for that use and Worcester Road.

8. <u>Procedures</u>. No building permit shall be issued for construction or alteration of a building or parking area, and no site alteration or removal of vegetation shall take place, until the Planning Board has issued a special permit pursuant to this Section XIX, and approved a site plan pursuant to Section XII. Applications for site plan approval in the VOD shall be submitted in accordance with Section XII and the Rules and Regulations of the Planning Board.

8. <u>Decision</u>. The Planning Board may impose reasonable conditions in granting VOD approval. In making its decision, the Planning Board shall consider the extent to which the proposed plan maintains Princeton's rural agricultural character by:

- A. Locating principal structures to the extent reasonably feasible so that they do not front on Worcester Road.
- B. Minimizing the number of curb cuts on Worcester Road.
- C. Encouraging foot traffic within the VOD.
- D. Minimizing the impact of the proposed uses on any parcel adjacent to the VOD that is used for a single family residence including reasonable restrictions on the hours of operation for non-residential uses in the VOD.
- E. Appropriately screening delivery areas, service entrances, and dumpsters by plantings, topography, or other means when viewed from Worcester Road and when viewed from any parcel adjacent to the VOD that is used for a single family residence.
- F. Providing for landscaping or plantings.

ARTICLE 29. To see if the Town will vote to amend the Princeton Zoning Bylaw by the addition of SECTION XX. EARTH REMOVAL and to further amend the Princeton Zoning Bylaw to conform to the new Earth Removal Bylaw as follows:

Add a use in Section III-1-(Q)

(Q) Subject to a special permit granted by the Planning Board under Section XX of these by-laws, earth removal.

Delete VII-7 which currently provides

7. Removal of Earth:

No more than twenty-five (25) cubic yards of earth materials shall be removed from any parcel of land within the Town without first obtaining permission from the Board of Appeals.

Delete existing definition of Earth Removal in Section X and replace it with the following definition to be consistent with new Section XX

Earth Removal: Extraction of loam, topsoil, sand, gravel, clay, glacial till, silt, rocks, boulders, ledge, and other earth materials pursuant to Section XX of these by-laws.

SECTION XX: EARTH REMOVAL

1. <u>Purpose</u>. The purpose of this bylaw is to regulate the removal of earth materials in a manner that maintains the rural-agricultural character of the Town while permitting landowners to make reasonable and responsible use of their property without having a

Town of PrincetonAnnual Town MeetingMay 12, 2015significantly adverse impact on neighbors, the environment, and the roads and
infrastructure of the Town. Upon completion of the removal of earth materials, all
disturbed areas shall be graded and re-vegetated and the land shall be in reasonable
condition for the uses allowed in the zoning district in which the land is located.

2. <u>Earth Materials</u>. As used in this bylaw, earth materials include but are not limited to loam, topsoil, sand, gravel, clay, glacial till, silt, rocks, boulders, and ledge.

3. <u>Applicability</u>. This bylaw applies to the removal of earth materials from land in any zoning district with the following exceptions:

- A. Incidental removal of no more than 400 cubic yards in connection with:
 - (i) Excavation for buildings and structures for which a building permit has been issued;
 - (ii) Excavation and site work for driveways and parking areas;
 - (iii) Excavation for installation or replacement of septic systems; and
 - (iv) Excavation in connection with landscaping
- B. Road construction by the Town or the Commonwealth.
- C. Road construction or site preparation pursuant to an approved plan for a subdivision.
- 4. <u>Requirements</u>.
 - A. Site Plans. An application for a special permit for removal of earth materials shall include before and after site plans prepared by a registered land surveyor with two foot contour intervals for the entire area from which the applicant seeks to remove earth materials. The site plans shall address the following:
 - (i) No earth materials shall be removed to a grade below street level within 50 feet of the edge of the property line next to the street unless the Planning Board specifically finds that such lower grade is consistent with the purpose of this bylaw.
 - (ii) No final slope shall be created steeper than 1:3 unless the Planning Board specifically finds that such steeper slope is consistent with the purpose of this bylaw.
 - (iii) No earth materials shall be removed within 50 feet of adjacent property unless the Planning Board specifically finds that such removal is consistent with the purpose of this bylaw.
 - (iv) Except when earth materials are removed in connection with the creation of a pond in accordance with permits from the Conservation Commission and the Commonwealth, there shall be a minimum of six feet between the bottom of the proposed excavation and the spring high water table.
 - (v) The site plans shall show the location of any temporary structures, and the location of access for vehicles and equipment used during earth removal operations.
 - B. Operational Plans. An application for a special permit for removal of earth materials shall include an operational plan that addresses the following:
 - (i) Operating only during week days between the hours of 8:00 a.m. and 4:00 p.m., unless the Planning Board specifically finds that different days and hours of operation are consistent with the purpose of this bylaw.
 - (ii) Visually screening operations from adjacent residences.
 - (iii) Phasing of earth removal, grading and re-vegetation so that no more than three acres shall be exposed and worked at one time.
 - (iv) Stockpiling of top soil and loam.
 - (v) Grading and re-vegetation upon the completion of each phase.

(vi)

- (vii) Dust control on the site, and on the first 500 feet on the route taken by trucks when leaving the site.
- (viii) Type and size of equipment to be used on site and to haul earth materials from the site
- (ix) Measures to shake loose earth materials from trucks before leaving the site.
- (x) Proposed routes that trucks will follow when hauling earth materials from the site.
- (xi) Daily number of trips by trucks hauling earth materials.
- C. Applicants are encouraged to meet informally with the Planning Board prior to applying for a special permit for removal of earth materials. The purposes of a pre-application review are to minimize the applicant's costs for engineering and other technical experts and to solicit guidance from the Planning Board at an early stage in the planning and permitting process. For smaller projects, the Planning Board in its discretion may make reasonable modifications in the information required for site plans and operational plans provided that such modifications are consistent with the purpose of this bylaw.
- D. Except in a business-industrial district, no screening or crushing of earth materials shall be allowed on site.
- E. Explosives shall not be used in earth removal operations unless the Planning Board specifically finds that such use of explosives is necessary and is consistent with the purpose of this bylaw.
- F. No top soil or loam shall be removed from the site unless the remaining stockpiled top soil and loam is sufficient to provide a minimum of 6" of top soil and loam to spread over the disturbed areas for re-vegetation.
- G. The applicant shall post a bond of \$10,000, or such other amount as the Planning Board may determine is reasonably necessary, as surety for the implementation of the plans and the grading and re-vegetation of the site following the conclusion of removal of earth materials. Upon a determination by the Building Inspector that removal has ceased and that the site has been graded and re-vegetated in accordance with the plans, the bond shall be released.
- H. In addition to the Town special permit filing fees, the applicant may be required to pay the reasonable fees for professional review of the applicant's proposal by a registered engineer, registered landscape architect, or other qualified professional retained by the Planning Board to review the applicant's plans.

5. <u>Procedures</u>.

- A. Prior to the commencement of earth removal operations, the applicant shall obtain a special permit from the Planning Board acting as the special permit granting authority pursuant to M.G.L. Ch. 40A sec. 9. The Planning Board shall review the application and the plans, and shall request advice and comments from the Highway Superintendent as to the likely impact of the plan on the roads and infrastructure of the town. The Planning Board may request advice and comments from other Town boards.
- B. The Planning Board may impose reasonable conditions to insure that the proposed removal of earth materials is consistent with the purpose of this bylaw.
- C. A special permit to remove earth materials shall be valid for one year and may be extended without a public hearing for successive one year periods upon a determination by the Planning Board that the removal operations have been conducted in accordance with the approved plan. A special permit shall not be extended if there has been no removal of earth materials for two years.
- D. After plans for removal of earth materials have been approved, there shall be no material deviations from the approved plans without written approval from the Planning Board which may require a public hearing.
- E. The Building Inspector shall enforce this bylaw and any special permit issued or extended pursuant to this bylaw.
