Ms. See indicated many of her customers use the vapor cigarettes to help them stop smoking, and she and Mr. Ross have used the product and have now been tobacco free for six months. Ms. See added that she does not see a need for the City ordinances to be changed, as the vapor products are controlled by State law. Discussion ensured regarding nicotine, with Ms. See indicating some of her products do contain nicotine, but no tobacco. Ms. See indicated she does not sell any product to anyone under 18, whether it contains nicotine or not. Ms. See provided a copy of a letter from the Director General of the World Health Association regarding e-cigarettes, and added that she will comply with any decision City Council makes. Sgt. Miller indicated the Police Department can currently do spot checks in vapor businesses for sales to customers under 18.
