A communication from the Mayor was received and filed.

Honorable Salem City Council  
Salem City Hall

NOVEMBER 12, 2015

## REGULAR MEETING OF THE CITY COUNCIL

Salem, MA 01970

Ladies and Gentlemen of the City Council:

I write to recommend Council action in order to enable the redevelopment of the former Universal Steel property from a vacant, underutilized parcel to a tax-producing commercial property and enable a local business to stay and grow in Salem.

As you are aware, the City initiated and coordinated a major cleanup of the Universal Steel Site with funding from the federal Environmental Protection Agency (EPA) and the State Department of Environmental Protection (DEP). In addition, funding was provided by Mass Development through a successful grant application to demolish existing buildings and pave the site for interim use as a parking lot and eventual redevelopment.

It is a win-win situation for the City and F.W. Webb, a long time business located in the City of Salem adjacent to this site, as Webb seeks to provide additional services through adding a showroom to its facility.

The five required Council actions are as follows:

1. Declare Lot 1 and Parcel B, comprising the former Universal Steel property as shown on the attached plan, as surplus to the needs of the City.
2. Hold a public hearing and vote to discontinue the portion of Beckford Way as shown on the attached plan as Parcel A, subject to the placing of a utility easement on this parcel.
3. Authorize the Mayor to enter into a Land Disposition Agreement with Sun King, LLC, an affiliate of F.W. Webb Company and to convey a portion of 297-305 Bridge Street (Lot 1) and the discontinued portion of Beckford Way (Parcel A) for the sum of \$990,000.
4. Authorize the Mayor to sell Parcel B to Sun King, LLC for the sum of \$10,001 subject to the placing of a pedestrian and vehicular access easement on this parcel.
5. Rezone four parcels of land from R-2 Residential Two-family to B-4 Business in order to allow F.W. Webb Company to redevelop the site into a warehouse, showroom, and office. The four parcels consist of two parcels formerly part of Universal Steel. (Lot 1 and Parcel B on the Plan), a portion of Beckford Way (Parcel A), and the former Alpha Auto site, 311 Bridge Street.

In accordance with the City's Ordinance, the City Council must hold a public hearing to solicit public input regarding the proposed sale a minimum of 30 days in advance of the vote to sell. For a rezoning, the City Council must hold a joint public hearing with the Planning Board that needs to be advertised 14 days prior to the hearing with first and second passage required. A public hearing is also required for the Council to vote to discontinue a portion of Beckford Way that will become part of the development site.

The following are enclosed with this letter:

1. Order for Declaration of Surplus

NOVEMBER 12, 2015

## REGULAR MEETING OF THE CITY COUNCIL

2. Two Orders to authorize the Mayor to dispose of two parcels of real property
3. Order to discontinue a portion of Beckford Way
4. Ordinance for rezoning
5. Plan of Land that identifies the City-owned parcels
6. Survey plan showing 311 Bridge Street (former Alpha Auto)

I look forward to your timely support to complete the process to eliminate a formerly blighted, contaminated site into a revenue producing property that is an asset for Salem residents and taxpayers. Please contact me if you have questions.

Sincerely,  
Kimberley Driscoll, Mayor
