Decision

City of Salem Zoning Board of Appeals

Petition of ROGER P. DESCHENES and MARIELLE B. DESCHENES requesting a Variance from minimum front yard setback in order to construct a 24' x 24' addition with a two car garage underneath, on the property located at 19 PATTON ROAD (R1).

A public hearing on the above Petition was opened on March 21, 2012 pursuant to Mass General Law Ch. 40A, § 11. The hearing was closed on March 21, 2012 with the following Zoning Board of Appeals members present: Rebecca Curran (Chair), Annie Harris, Richard Dionne, Jamie Metsch, Jimmy Tsitsinos and Bonnie Belair.

Petitioner seeks a Variance pursuant to Section 4.1 of the City of Salem Zoning Ordinances.

Statements of fact:

1. In a petition date-stamped February 16, 2012, petitioner requested a Variance from front yard setback requirements in order to construct a 24' x 24' addition with a two car garage underneath.
2. The petitioner represented himself at the hearing.
3. At the hearing, no one spoke in support of or in opposition to the petition.

The Board of Appeal, after careful consideration of the evidence presented at the public hearing, and after thorough review of the plans and petition submitted, makes the following findings:

1. Owing to special conditions on the property, which do not generally affect the other parcels in this zoning district, literal enforcement of the provisions of this ordinance would involve substantial hardship to the appellant. The topography of the property is such that an addition could only be built in the front of the house, encroaching on the front yard.

2. Desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of the zoning ordinance, since the lot is large enough to accommodate the expansion.
3. In permitting such change, the Board of Appeals requires certain appropriate conditions and safeguards as noted below.

On the basis of the above findings of fact and all evidence presented at the public hearing including, but not limited to, the Plans, Documents and testimony, the Zoning Board of Appeals **concludes:**

1. A Variance under Section 4.1 is granted to allow for the proposed addition, as shown on the submitted plans.

In consideration of the above, the Salem Board of Appeals voted, five (5) in favor (Curran, Harris, Metsch, Dionne, and Belair) and none (0) opposed, to grant petitioner's request for a Variance subject to the following **terms, conditions, and safeguards:**

1. Petitioner shall comply with all city and state statutes, ordinances, codes and regulations.
2. All construction shall be done as per the plans and dimensions submitted to and approved by the Building Commissioner.
3. All requirements of the Salem Fire Department relative to smoke and fire safety shall be strictly adhered to.
4. Petitioner shall obtain a building permit prior to beginning any construction.
5. Exterior finishes of the new construction shall be in harmony with the existing structure.
6. A Certificate of Inspection is to be obtained.
7. Petitioner is to obtain approval from any City Board or Commission having jurisdiction including, but not limited to, the Planning Board.
8. Unless this Decision expressly provides otherwise, any zoning relief granted does not empower or authorize the Petitioner to demolish or reconstruct the structure(s) located on the subject property to an extent of more than fifty percent (50%) of its floor area or more than fifty percent (50%) of its

replacement cost at the time of destruction. If the structure is demolished by any means to an extent of more than fifty percent (50%) of its replacement cost or more than fifty percent (50%) of its floor area at the time of destruction, it shall not be reconstructed except in conformity with the provisions of the Ordinance.

Rebecca Curran, Chair
Salem Board of Appeals
