1	DRAFT
2	BOARD OF SELECTMEN
3	TOWN OF SANDOWN, NH
4	SANDOWN, NH 03873
5	
6 7 8 9 10	Meeting Date: January 16, 2018 Type of Meeting: Public Hearing on Proposed Land Purchase Method of Notification: Public Posting at Town Hall and Published in Eagle Tribune Meeting Location: Town Hall
11 12 13 14 15 16 17	<i>Members Present:</i> Selectman Tombarello, Selectman Brown, Selectman Cleveland and Selectwoman Buco. <i>Not Present:</i> Selectman Goldman <i>Town Administrator:</i> Lynne Blaisdell <i>Recording Secretary:</i> Lynne Blaisdell
18 19 20 21 22 23 24 25 26 27 28 29 30	Selectman Tombarello called the hearing to order at 7:00pm and opened with the Pledge of Allegiance. Selectman Brown began with an explanation of the purpose of the hearing. He asked Mrs. Blaisdell to explain why it was necessary to hold 2 public hearings on the matter. Mrs. Blaisdell explained that because the selectmen's decision to purchase the land under an agreement to pay over a 5-year period, we are required to hold a public hearing on the matter by January 16 th . The requirement to hold this hearing included publishing it in a newspaper of general circulation 7 days before the hearing. There was not time to publish the meeting within that time frame, so town counsel made the recommendation to publish and hold a second hearing as soon after as possible to fulfill the requirements. A second hearing will be held on Thur. January 18 th .
31 32 33 34 35 36	Selectman Brown continued stating the decision to purchase is ultimately up to the voters. If you think it's a good deal, the decision is completely yours. The board felt they needed to plan for the future with the voter's approval. They felt they negotiated a very good deal and will answer as many questions as they can tonight. Selectman Tombarello will now talk about the approvals currently on the land and conceptual plans the builder provided.

37 Selectman Tombarello stated the developer has at least 3 options for the land; a solar farm,

apartments and houses. The builder provided him with a conceptual plan for 32 2-

bedroom apartments right off Pheasant Run Drive and 52 3-bedroom apartments off of

40 Abby Lane. This is in addition to the current 18 house lots already approved on the far side

of the property. Selectman Tombarello stated he's for this and concerned about these

- 42 options.
- 43

44 Selectman Cleveland presented a spreadsheet he created showing what the impact on taxes

would be if this property was to remain with the builder. He talked about the current tax
rate and the breakdown of where that money goes. He also presented data of how much

46 Fate and the breakdown of where that money goes. He also presented data of now much
 47 households of certain values are paying to the school, which is the largest allocation of the

48 tax rate. He then broke down the cost per student per household and explained the impact

49 that could have on our taxes over a 20-year period. His projections show an average

50 annual cost to tax base over 20 years to be \$1,185,250. He commented that it is important

51 to control growth in the town. Mr. Dan Ostrouch commented that when we do this the

52 town becomes more attractive.

53

Mr. Mark Traeger stepped up to the table. He is in favor of this land purchase. He has been involved in 10 land purchases one of those being the Minton land which was appraised. It's important to get a good appraisal. We are always competing against other town and we want to protect our value. We need amenities to attract people and we need to protect our wetlands especially when it comes to Hunt Pond, Storm water requirements, and animals.

59 The payoff is not just in numbers. He said our only option to help school costs is to take

60 land away. He hopes the voters go for this.

61

Selectman Cleveland stated this article needs a 3/5th majority vote to pass and reminds
 everyone that events those who rent make a difference. If taxes go up, their rent will go up.

64

65 Mr. Lee Dube came to the table and stated that as a resident he says thank you. He

appreciates the board is looking out for the town and creating a vision for the future. He

said it terrifies him to see how many homes will go there. As a Budget Committee member,

68 he tried to mediate relief from taxes. Who's taking care of these new roads? There is that

69 much more garbage, emergency services, etc. In 5 years this land will cost him \$400 to

70 purchase. If we won't buy it, it will cost him \$4,000.

71

72 Mr. Matt Russell came to the table stating he's quite "in tune" with what's happening in

town and this is the first he's hearing of this. There's not a lot of time to have a lot of

74 discussion on this matter and to market it. Is there a plan to get the information out to the

town? Selectman Tombarello stated we're going to do the best we can. Ms. Blaisdell stated

76 we're going to hold all required public hearings and present at Deliberative Session but we

will need to help of the public to get the word out. The town has to be careful when it

78 comes to issues of electioneering.

79

80 Mr. Dan Ostrouch came up. After hearing some of the details at this hearing he is honest

81 about feeling that this matter. The people need to find a way to get the word out and he

82 may volunteer to do that. He would like to gather emails from those attending tonight and

83	send out some information. He'd then ask those people to send to others they know. The
84	board said it would be ok for him to pass around some paper to collect contact information
85	from those in attendance if they so desire. Dan announced that anyone can contact him
86	about it. His email is <u>dostrouch@hotmail.com</u> and phone number is 603-770-2278.
87	
88	Moderator Kevin Major came to the table and discussed the process of town meeting and
89	the dates.
90	
91	Selectmen Brown commented that he thought the board had already voted on this warrant
92	article but in fact did not. Selectman Brown then made a MOTION to recommend this
93	warrant article. Seconded by Selectman Buco. Selectmen Brown-Yes, Selectman Cleveland-
94	Yes, Selectman Tombarello-Yes, Selectman Buco-Yes. MOTION passed unanimously.
95	
96	Selectman Brown announced the board will be having another public hearing on Thursday
97	this week. Nothing new should be presented, it's just another opportunity to inform the
98	public as required by law. Selectman Tombarello stated Sandown's school board
99	representative, Donna Green was in the audience. He asked her if the \$20,000/student
100	figured used earlier in the presentation was an accurate number. She stated yes, it was.
101	
102	The public hearing portion of the meeting ended with no further comment from the public.
103	The Selectmen continued the meeting with other business.
104	
105

She also let the

The next item for discussion were the budget proposals. Ms. Blaisdell explained that after 129 the final hearing on the budget committee's budget, the Finance Director wanted to bring to 130 your attention there are a couple budgets that had differences in what was being put forth 131 by the budget committee and what the selectmen recommended. She gave an example of 132 the Town Clerk's budget. The budget committee reduced the payroll line of that budget 133 based on actual wages being paid. New employees were hired after the budget was 134 presented and these figures represent what's currently being paid. 135 136 137 Consensus of the board is to reduce the payroll line item from \$50,081 to \$45,109. 138 **MOTION** by Selectman Brown to change the bottom line of the Town Clerk budget with a 139 gross expense of \$49,188, revenue of \$1,372,201 and net expense of \$-1,323,013. 140 Seconded by Selectman Tombarello. **MOTION** passed unanimously. 141 142 The next budget is Planning Board. The budget committee reduced their legal line from 143 \$2,000 to \$1,000. This seems to be due to actuals. Selectman Tombarello asked Selectman 144 Brown if there was any opposition to this change and Selectmen Brown didn't recall any. 145 146 Selectmen Cleveland would like to leave it at \$2,000 and the others agreed. 147 Next was Highway account. Budget Committee reduced the tree removal line to \$5,000. 148 Selectman Tombarello asked what the actuals to date were; \$6,183 and the department is 149 asking for \$7,000. He also noted last year went over. It was agreed to leave it as requested 150 at \$7,000. The seminars line was also reduced. Selectmen agreed to leave it as is. Lastly, 151 the mandatory house numbers was reduced by the budget committee to \$1. The selectmen 152 agreed to leave this line as is. 153 154 The next budget was Sanitation. The waste disposal line was reduced by the budget 155 committee to \$150,000. The board agreed based on trends in previous years they are ok 156 with changing it to \$150,000. 157 158 **MOTION** by Selectman Brown on the Sanitation Operating Account 4321-29 with gross 159 expenses of \$361,377, revenue of \$18,000 and net expense of \$343,377. Seconded by 160 Selectmen Buco. **MOTION** passed unanimously. 161 162 Next is the Recycling account. The seminars line was increased by \$200. Board agreed 163 they're ok with that change. The disposal was lowered by \$4,000 and hauling up by \$8,000. 164 165 166 **MOTION** by Selectman Brown on the recycling account 4326 with gross expense of \$91,351, revenue of \$18,000, net expense of \$73,351. Seconded by Selectman Buco. 167 **MOTION** passed unanimously. 168 169 170 The Library account is next. Ms. Blaisdell explained the budget committee did a bottom line reduction leaving it with a 6.5% increase over last year instead of the 14% first 171 requested. Selectman Brown said he was in favor of a 6.5% increase because he was 172 satisfied with their presentations and appreciated their reductions. The board is also ok 173 174 with the budget committee's amount.

175

MOTION by Selectman Brown for the gross amount of \$327,945, revenue of \$0, net 176 expense of \$327,945. Seconded by Selectman Cleveland. **MOTION** passed unanimously. 177 178 Next is the Plumbing account. The payroll line has been increased by the budget 179 committee. With the possibility of a new subdivision being approved and reviewing the 180 actuals which are currently at \$16,000 it would justify an increase to this line item. The 181 selectmen agreed and will make that change. 182 183 184 **MOTION** by Selectman Brown for the Plumbing Account 4241-22 with a gross expense of \$11,514, revenue of \$12,500, net expense of \$-986. Seconded by Selectman Cleveland. 185 **MOTION** passed unanimously. 186 187 188 Ms. Blaisdell asked the board if they would like to keep their recommendation on this warrant article after these changes. Consensus was to keep their recommendations as is. 189 190 Lastly, the Cable Committee is asking for the support of the board to hire a new camera 191 192 operator. 193 **MOTION** by Selectman Brown to hire Jarrett Dow for the Cable Committee at a rate of 194 \$50/meeting pending criminal background check. Seconded by Bruce Cleveland. MOTION 195 passed unanimously. 196 197 Motion by Selectman Brown to adjourn 198 Seconded by Selectman Cleveland 199 200 Motion passes unanimously 201 **Respectfully Submitted**, 202 203 204 205 Lynne Blaisdell 206 207
