## Request for a Determination of Applicability Massachusetts Wetlands Protection Act, G.L. c. 131, §40

Seekonk

1. I, the undersigned, hereby request that the \_\_\_\_\_ Conservation Commission make a determination as to whether the area, described below, or work to be performed on said area, also described below, is subject to the jurisdiction of the Wetlands Protection Act, G.L. c. 131, §40.
  
2. The area is described as follows. (Use maps or plans, if necessary, to provide a description and the location of the area subject to this request)

The site is an undeveloped piece of land on the north side of Pine Street just west of the Hartford Railroad tracks. The site is shown in the sketch below. There are no brooks, streams, or ponds on site.

3. The work in said area is described below. (proposed work.)

A residential subdivision will be built, with a new road connecting Forrest Avenue to Pine Street.\* Some fill will be needed for septic systems. The storm drain system will be connected to the existing street drain system in Pine Street. There will be no work within 100 feet of the wetlands on the south side of Pine Street.

A note on resource areas. There is a small area on site that ponds water. The attached calculations show that the runoff volume for the one year storm does not have a runoff volume equal to one-quarter acre foot.

\* Note: if there is no through road, there will be a cul-de-sac.

4. The owner(s) of the area, if not the person making this request, has been given written notification of this request on 21 March 1988 (date)

The name(s) and address(es) of the owner(s):
