| (a) ∑X Buffer Zone | | | | |
| (b) Inland:□ Bank*□ Bordering Vegetated Wetl□ Land Under Water Body & | and* | | d Subject to Flooding, Bordering Isolated | |
| (c) Coastal: Land Under the Ocean* Coastal Beach* Barrier Beach Rocky Intertidal Shore* Land Under Salt Pond* Fish Run* | | | Designated Port Area* Coastal Dune Coastal Bank Salt Marsh* Land Containing Shellfish* | |

^{*}Likely to involve U.S. Army Corps of Engineers concurrent jurisdiction. See General Instructions for Completing Notice of Intent.

| 12. | 2. Is the wetland resource area to be altered by the proposed work located on the most rec Estimated Habitat Map (if any) of rare, "state-listed" vertebrate and invertebrate animal spec occurrences provided to the conservation commission by the Natural Heritage and Endanger Species Program? | | |
|-----|--|-----|--|
| | YES [] NO NO MAP AVAILABLE | | Date printed on the Estimated Habitat Map issued (if any) October 1987 |
| £ | If yes, have you completed an Appendix A and a Notice of Intent and filed them, along wis supporting documentation with the Natural Heritage and Endangered Species Program to certified mail or hand delivery, so that the Program shall have received Appendix A prior to the filing of this Notice of Intent? | | |
| | YES [] NO | [] | |

Part II: Site Description

Indicate which of the following information has been provided (on a plan, in narrative description or calculations) to clearly, completely and accurately describe existing site conditions.

Identifying Number/Letter (of plan, narrative or calculations)

| | or calculations) | |
|---|------------------|---|
| | | Natural Features: |
| Ī | Occ B | Soils |
| | Ooc_A | Vegetation |
| - | SE-2 | Topography |
| | SE-2 | Open water bodies (including ponds and lakes) |
| | SE-2 | Flowing water bodies (including streams and rivers) |
| | 1/A | Public and private surface water and ground water supplies on or within 100 feet of site |
| | N/A | Maximum annual ground water elevations with dates and location of test |
| - | SE-2 | Boundaries of resource areas checked under Part I, item 11 above |
| - | | Other |
| | | Man-made Features: |
| 7 | SE-2 | Structures (such as buildings, piers, towers and headwalls) |
| 7 | SE-2 | Drainage and flood control facilities at the site and immediately off the site, including |
| | | culverts and open channels (with inverts), dams and dikes |
| 7 | SE-2 | Subsurface sewage disposal systems |
| | Se-2 | Underground utilities |
| | SE-2 DOC A | Roadways and parking areas |
| - | SE-2 | Property boundaries, easements and rights-of-way |
| - | | Other |

Part III: Work Description

Indicate which of the following information has been provided (on a plan, in narrative description or calculations) to clearly, completely and accurately describe work proposed within each of the resource areas checked in Part I, item 11 above.

| Identifying Number/Letter (of plan, narrative or calculations) | | |
|---|---|-----|
| | Planview and Cross Section of: | |
| Doc A: SE-2 | Structures (such as buildings, piers, towers and headwalls) | |
| Doc A&B, SE-2 | Drainage and flood control facilities, including culverts and open channels (with inverts dams and dikes | ;), |
| SE-2 | Subsurface sewage disposal systems & underground utilities | |
| SE-2, DocA&B | Filling, dredging and excavating, indicating volume and composition of material | |
| N/A | Compensatory storage areas, where required in accordance with Part III, Section 10:9 (4) of the regulations | 57 |
| N/A | Wildlife habitat restoration or replication areas | |
| | Other | |
| Α | Point Source Discharge | |
| Doc A &B | Description of characteristics of discharge from point source (both closed and open | |
| | channel), when point of discharge falls within resource area checked under Part I, item | n |
| | 11 above, as supported by standard engineering calculations, data and plans, including | |
| | but not limited to the following: | _ |
| | | |

- 1. Delineation of the drainage area contributing to the point of discharge;
- 2. Pre- and post-development peak run-off from the drainage area, at the point of discharge, for at least the 10-year and 100-year frequency storm;
- 3. Pre- and post-development rate of infiltration contributing to the resource area checked under Part I, item 11 above;
- 4. Estimated water quality characteristics of pre- and post-development run-off at the point of discharge.

Part IV: Mitigating Measures

Resource Area Type:

☐ Coastal

- 1. Clearly, completely and accurately describe, with reference to supporting plans and calculations where necessary:
 - (a) All measures and designs proposed to meet the performance standards set forth under each resource area specified in Part II or Part III of the regulations; or
 - (b) why the presumptions set forth under each resource area specified in Part II or Part III of the regulations do not apply.

| | | | |

- 2. Clearly, completely and accurately describe, with reference to supporting plans and calculations where necessary:
 - (a) all measures and designs to regulate work within the Buffer Zone so as to ensure that said work does not alter an area specified in Part I, Section 10.02(1) (a) of these regulations; or
 - (b) if work in the Buffer Zone will alter such an area, all measures and designs proposed to meet the performance standards established for the adjacent resource area specified in Part II or Part III of these regulations.

| Coastal Resource Area Type Bordered By 100-Foot Discretionary Zone: | Identifying number or lette of support documents |
|--|---|
| Work will include the construction of a storm water detention basin. Haybales will be placed at toe of slope between the detention basin and the westerly property boundary. An additional row of hay bales will be placed on the west side of the access road to prevent erosion and sedimentation during the placement of the 10 inch outlet pipe. | Sheet SE-2, Document A |

Part V: Additional Information for a Department of the Army Permit

| 1. COE Application No. 2. N/A Area | within Runnins River watershed |
|--|---|
| (to be provided by COE) | (Name of waterway) |
