# 310 CMR 10.99 Form 3 DEP File No. (To be provided by DEP) Commonwealth of Massachusetts City-Town\_ Applicant Notice of Intent (1) Under the Massachusetts Wetlands Protection Act, G.L. c. 131, §40 and Application for a Department of the Army Permit Part I: General Information 1. Location: Street Address Jane Howland Place "Phase B", Jane Howland Place Lot Number Plat 1, Lot 13 Residential Description Construct one single family residence 2. Project: Type\_ with ISDS within buffer zone associated with a small wooded lot, on an approved subdivision lot. 3. Registry: County\_\_\_\_\_& Page\_\_ Certificate (If Registered Land) \_\_\_\_\_Tel.(401) 438-1375 4. Applicant Louis Coelho 4 Antigo Court, East Providence, RI, 02914 Tel. (401) 438-1375 5. Property Owner Louis Coelho 4 Antigo Court, East Providence, RI 02914 6. Representative Michael J. Weremay, Gates, Leighton & Assoc. Tel. (401) 438-2071 2253 Pawtucket Avenue, East Providence, RI 02914-1788

b. Has the fee been submitted? Yes No
c. Total Filing Fee Submitted 1250.00
d. City/Town Share of Filing Fee 137.50
(sent to City/Town)
State Share of Filing Fee 112.50
(1/2 of fee in excess of \$25, sent to DEP)

7. a. Have the Conservation Commission and the Department's Regional Office each been sent, by certified mail or hand delivery, 2 copies of completed Notice of Intent, with supporting plans and documents?

e. Is a brief statement attached indicating how the applicant calculated the fee? ∑ Yes ☐ No

<sup>\*</sup>Likely to involve U.S. Army Corps of Engineers concurrent jurisdiction. See General Instructions for Completing Notice of Intent 3-2

12.	Is the wetland resource area to be altered by the proposed work located on the most rec Estimated Habitat Map (if any) of rare, "state-listed" vertebrate and invertebrate animal spec occurrences provided to the conservation commission by the Natural Heritage and Endanger Species Program?	ies	
	YES [ ] NO [X ] Date printed on the Estimated Habitat Map issued NO MAP AVAILABLE [ ] (if any)	d ——	
If yes, have you completed an Appendix A and a Notice of Intent and filed them, along with supporting documentation with the Natural Heritage and Endangered Species Program by certified mail or hand delivery, so that the Program shall have received Appendix A prior to the filing of this Notice of Intent?			
	YES [ ] NO [ ]		

- 1. Delineation of the drainage area contributing to the point of discharge:
- 2. Pre- and post-development peak run-off from the drainage area, at the point of discharge, for at least the 10-year and 100-year frequency storm:
- 3. Pre- and post-development rate of infiltration contributing to the resource area checked under Part I, item 11 above:
- 4. Estimated water quality characteristics of pre- and post-development run-off at the point of discharge.

### Part IV: Mitigating Measures

- 1. Clearly, completely and accurately describe, with reference to supporting plans and calculations where necessary:
  - (a) All measures and designs proposed to meet the performance standards set forth under each resource area specified in Part II or Part III of the regulations; or
  - (b) why the presumptions set forth under each resource area specified in Part II or Part III of the regulations do not apply.

# Part II: Site Description

Indicate which of the following information has been provided (on a plan, in narrative description or calculations) to clearly, completely and accurately describe existing site conditions.

Identifying Number/Letter (of plan, narrative or calculations)

or calculations)	
	Natural Features:
	Soils
2	Vegetation
1,2	Topography
8	Open water bodies (including ponds and lakes)
	Flowing water bodies (including streams and rivers)
	Public and private surface water and ground water supplies on or within 100 feet of site
	Maximum annual ground water elevations with dates and location of test
, <u> </u>	Boundaries of resource areas checked under Part I, item 11 above
	Other
	Man-made Features:
1	Structures (such as buildings, piers, towers and headwalls)
2	Drainage and flood control facilities at the site and immediately off the site, including culverts and open channels (with inverts), dams and dikes
1	Subsurface sewage disposal systems
2	Underground utilities
1,2	Roadways and parking areas
1,2,3	Property boundaries, easements and rights-of-way
	Other

#### Part III: Work Description

Indicate which of the following information has been provided (on a plan, in narrative description or calculations) to clearly, completely and accurately describe work proposed within each of the resource areas checked in Part I, item 11 above.

Identifying Number/Letter (of plan, narrative or calculations) Planview and Cross Section of: Structures (such as buildings, piers, towers and headwalls) Drainage and flood control facilities, including culverts and open channels (with inverts), dams and dikes 1 Subsurface sewage disposal systems & underground utilities 1 Filling, dredging and excavating, indicating volume and composition of material Compensatory storage areas, where required in accordance with Part III, Section 10:57 N/A (4) of the regulations Wildlife habitat restoration or replication areas N/A N/A Other Point Source Discharge Description of characteristics of discharge from point source (both closed and open N/A channel), when point of discharge falls within resource area checked under Part I, item 11 above, as supported by standard engineering calculations, data and plans, including

but not limited to the following:

Coastal	Resource Area Type		Identifying number or letter of support documents
		.*/	

- 2. Clearly, completely and accurately describe, with reference to supporting plans and calculations where necessary:
  - (a) all measures and designs to regulate work within the Buffer Zone so as to ensure that said work does not alter an area specified in Part I, Section 10.02(1) (a) of these regulations; or
  - (b) if work in the Buffer Zone will alter such an area, all measures and designs proposed to meet the performance standards established for the adjacent resource area specified in Part II or Part III of these regulations.

☐ Coastal Resource Area Type Bordered By 100-Foot Discretionary Zone:  ▼ Inland Wooded Swamp	laentifying number or letter of support accuments
The proposed residence is placed as far as possible from the wetland area without violating zoning setback requirements. Sedimentation control (haybales) will be placed at the edge of the existing vegetation. Existing vegetation remaining as a result of development of the lot by the homeowner: shall be protected by the homeowner. All disturbed areas shall be loamed, re-landscaped, and seeded as soon as is practicable.	1,2

## Part V: Additional Information for a Department of the Army Permit

3. Names and addresses of property owners adjoining your property:

- 4. Document other project alternatives (i.e., other locations and/or construction methods, particularly those that would eliminate the discharge of dredged or fill material into waters or wetlands).
- 5. 8½" x 11" drawings in planview and cross-section, showing the resource area and the proposed activity within the resource area. Drawings must be to scale and should be clear enough for photocopying.

Certification is required from the Division of Water Pollution Control before the Federal permit can be issued. Certification may be obtained by contacting the Division of Water Pollution Control, 1 Winter Street, Boston, Massachusetts 02108.

Where the activity will take place within the area under the Massachusetts approved Coastal Zone Management Program, the applicant certifies that his proposed activity complies with and will be conducted in a manner that is consistent with the approved program.

Information provided will be used in evaluating the application for a permit and is made a matter of public record through issuance of a public notice. Disclosure of this information is voluntary, however, if necessary information is not provided, the application cannot be processed nor can a permit be issued.

I hereby certify under the pains and penalties of perjury that the foregoing Notice of Intent and accompanying plans, documents and supporting data are true and complete, to the best of my knowledge.
