7.	No work shall be u such an appeal ha	ndertaken until all administrative s been filed, until all proceeding:	appeal periods from this Order have elapsed or, if s before the Department have been completed.
8.	No work shall be un Court for the district case of recorded to of the owner of the Final Order shall at the proposed work on the form at the	ndertaken until the Final Order hot in which the land is located, wand, the Final Order shall also be land upon which the proposed lso be noted on the Land Court k is to be done. The recording in end of this Order prior to comm	has been recorded in the Registry of Deeds or the Land within the chain of title of the affected property. In the e noted in the Registry's Grantor Index under the name work is to be done. In the case of registered land, the Certificate of Title of the owner of the land upon which information shall be submitted to the Commission encement of the work.
9.	A sign shall be dibearing the word	splayed at the site not less that s, "Massachusetts Department 69-229	n two square feet or more than three square feet in size of Environmental Protection,
10		rtment of Environmental Protec	ction is requested to make a determination and to issue

- 10. Where the Department of Environmental Protection is requested to make a determination and to issue a Superseding Order, the Conservation Commission shall be a party to all agency proceedings and hearings before the Department.
- 11. Upon completion of the work described herein, the applicant shall forthwith request in writing that a Certificate of Compliance be issued stating that the work has been satisfactorily completed.
- 12. The work shall conform to the following plans and special conditions:

## SPECIAL ORDERS OF CONDITION

- 13. Any changes made or intended to be made in the plans shall require the applicant to inquire of the Conservation Commission, in writing, whether the change is substantial enough to warrant filing a new Notice of Intent.
- 14. The Seekonk Conservation Commission may, at their discretion, require an as-built plan, signed and stamped by a professional engineer or land surveyor registered in the Commonwealth of Massachusetts further to General Condition =11.
- 15. Failure to comply with General Condition #8 shall be deemed cause to revoke these Orders of Condition. As an alternative, the Commission may record this Order in the Registry and charge the applicant the cost of recording.
- 16. Prior to the commencement of any work on the site:
  - a. the applicant shall inform the Seekonk Conservation Commission in writing of the name, address, business and home telephone number of the project supervisor who will be responsible for insuring on-site compliance with this Order.
  - b. the Seekonk Conservation Commission shall be notified in advance of the date upon which construction activities on the site are to commence.
  - c. the border of the Resource Areas on the site shall be clearly marked in the field by stakes or flags placed at 25 foot intervals. A continuous barrier shall be established between the work area and the designated Resource Areas, including those areas of proposed replication. The barrier shall consist of a hay/straw bale dike or acceptable alternative as specified on the plans. This barrier shall be inspected by the Seekonk Conservation Commission prior to start of any other on-site construction.
- 17. Members and Agents of the Seekonk Conservation Commission shall have the right to enter and inspect the site, for the purpose of evaluating compliance with the conditions and performance standards stated in this Order, the Act. & 310 CMR 10.00. The Commission reserves the right to request any additional data deemed necessary to further their evaluation.

18. The applicant, owner, successors or assignees shall be responsible for maintaining all on-site drainage structures and out falls, assuring the lasting integrity of vegetative cover on the site so as to prevent erosion, siltation, sedimentation, chemical contamination or other detrimental impact to the on-site wetland and/or off-site resource areas.

The maintenance requirements specified in this order shall not expire with the issuance of a Certificate of Compliance. The property owner of record shall be responsible for on-going maintenance as required by this order.

- i9. It shall be the responsibility of the applicant or their agents to make known these Orders of Condition to all parties involved in work on the project.
- 20. Used pertroleum products from the maintenance of construction equipment and construction debris shall be collected and disposed of off-site. No on-site disposal of these items is allowed.
- 21. Any refuse material found on the site shall be disposed of at an approved facility, and in no case will these materials be buried or disposed of off-site. No on-site disposal of these items is allowed.
- 22. Dust control, if required, shall be limited to water. No salts or wetting agent shall be used.
- 23. All proposed plantings must be maintained by the applicant or current property owner to ensure survival.
- 24. Should any or all of the proposed plants fail to survive at least one full growing season from the time they have been planted, the applicant or current owner shall be fully responsibile for replacing and maintaining the same plant species for one additional growing season.
