

DEC 13 2000  
LAS

**The Lake Boon Commission  
10/25/00 Meeting**

**The meeting commenced at 7:35pm with Conray and Cindy present.**

**Lee Lyman presented the different draw down options and Barbara presented the well survey results.**

**Lee indicated 6-8 feet of drawdown is needed and docks will be effected by the drawdown.**

**Cindy indicated the well survey didn't indicate all of the residents that may be effected by the drawdown.**

**At 4 feet drawdown-10-15 wells will go dry**

**At 6 feet drawdown 20-25 wells will go dry**

**These are estimates only.**

**Herbicide treatment would cost \$40,000-several lakes doing treatment now(successfully and safely)**

**Need a notice of intent for the drawdown/treatment-strong suggestion that both methods are needed as well as an ongoing management program.**

**Need to meet with Board of Health, Conservation Commission, Selectman next of both towns.**

**Meeting adjourned at 8:45pm**

**Meeting minutes revised after 12/12/00 meeting unanimous agreement**
