- 3) Lakes & Ponds Grant: The LBQAT expressed that in the future more notification be given when asking for an update from the Team. The LBC Chair explained he was only looking for an informal update and didn't intend to upset or offend anyone, and agreed to give more lead time of notification when possible. A team member gave an update on the last two outstanding project items as follows: Brochure-3<sup>rd</sup> draft should be last one and projected the editing will be done and back to Lycott week of April 6<sup>th</sup>, 2003.**
