

Minutes of Lake Boon Commission

January 28, 2016 Stow Town Building

Meeting called to order at 7:45pm pm, Conray Wharff and Lee Heron present.

Theresa O'riorden absent, Andy Pollock present to present RFP on weed meditation

No people from the community were present for the open forum.

The only issue discussed was the upcoming RFP and ways to fund the program.

Warrant articles have been submitted in both towns.

There is a weed account balance in Stow of \$14700 which can be used to start the treatments.

Without the funding for follow up treatments treating once would be a waste of money and should not be done.

A speculative contract could be issued if the vender is willing to agree.

RFP was approved and issued with small amendments.

Meeting adjourned at 7:50
