1. Meet at home of Kevin Madley, 31 Pinewood Drive, Stratham to view his biomass pellet boiler.
2. Meet at Stratham Municipal Center.
3. Call to Order.
4. Review and Approve Minutes from previous meeting.
5. Any further discussion of the blower door test and sealing of air openings at the Stratham Historic Society building?
6. Further discussion of data for Stratham Memorial School. Results thus far of audit. Chris Treadwell, senior at UNH in engineering to meet with Commission and discuss his senior project plans with us. Can Chris work with us to prepare an Energy Audit Report for the Stratham Memorial School?
7. Next we hope to audit COOP Middle School and possibly Exeter High School. We discussed making a connection with the surrounding communities' energy committees, so that we could approach the SAU 16 as a group seeking to look for energy efficiency opportunities at the two schools. It would appear from looking at the websites for the contributing communities, that Stratham has the only active energy commission.
8. Details of meeting on January 21 with the Budget Advisory Committee. They approved a \$1500 budget for our Commission, not the \$2000 we requested.
9. Next meeting is Wednesday, March 12, 2014 at 7:00 PM at the Municipal Center.
10. Other new business.
11. Adjourn.
