

**Stratham Water Commission**  
**July 1, 2003**

As there was no Quorum present for this meeting no official business could be accomplished.

We will have a substitute meeting 7/15/03 at 7.30pm in the planning bd. Rm.

We will meet the new commissioner and alternate commissioner that evening.

We will try to bring everyone up to speed on our present project and get back on track to make our deadline of a fall presentation to the board of Selectmen, Planning Board, and Conservation Board.

George A. Miller  
Chairman.
