

**Town of Stratham**  
**Public Works Commission Meeting**  
**June 7, 2005**

**Attending:** David Sallet, Commissioner  
John Boisvert, Commissioner  
Mark McCleary, Commissioner  
Lissa Ham, Commissioner  
George Miller, Alternate Commissioner

**Called to Order @ 7:35 PM**

**Topics:**

- Minutes from the May 3, 2005 meeting of the Stratham Public Works Commission were read and accepted as read.
- Reviewed items from Planning Board May 4<sup>th</sup> workshop meeting.
  - Updates are needed by July 8th to Chapter 4 *Utilities and Public Services* and Chapter 7 *Resource Conservation and Preservation* of the *Stratham Master Plan*.
  - Commission will discuss suggested changes at the July 5<sup>th</sup> meeting.
  - If suggested changes are ready prior to July 5<sup>th</sup> meeting, forward to Lissa via email for coordination.
- The commission took delivery of the Sixth Annual Report from Aquarion Water Company of New Hampshire for 'Wetlands Monitoring Report for Production Wells 17,18 and 19'. John will review and present summarized report to this commission.
- Paul Deschaine attended a meeting of the 'New Hampshire Seacoast Region Wastewater Management Feasibility Study' and had the following summary report:
  - Delivery of the report from the study has been extended and is due in November of 2006.
  - Metcalf & Eddy created draft methodologies for the study.
  - Comments on the draft methodologies are due by June 24<sup>th</sup> to the Great Bay Estuary Commission. Send any comments to John for collating by June 17<sup>th</sup> and John will summarize comments for submission.

**Meeting Adjourned @ 8:25 PM**

Respectfully submitted,

Mark McCleary
