

Meeting Notes
Board of Public Works Commissioners
May 1, 2007

Attendees: Bob Mitchell, David Sallet, Craig Wark, Lissa Ham
Paul Deschaine

Meeting called to order 7:40 pm

1. Paul presented confidential correspondence from Exeter with questions pertaining to a shared water supply/sewer Stratham, after which instigated a lengthy discussion by the Commission on various aspects of such a system.
2. Fire Suppression District – we have authority through the Water Commission from 1995. Boundaries should be delineated so people moving into the area can be taxed accordingly if and when the Town takes it over. Right now it is a private cooperative agreement where Town is 50% voting right now.
3. GCNE – request to state to report less frequently. State seemed likely to grant this request.
4. Pinewood Drive has been continued. Applicant was researching groundwater study request with his consultant.
5. Water conference will be held in Concord on May 23rd. Lissa is planning on attending.

Motion to adjourn at 10:00 pm.

Next meeting will be June 5th.

Respectfully submitted,

Lissa Ham
