

**Town of Stratham
Public Works Commission
Meeting Minutes
May 6, 2008**

Meeting Called to Order: 7:40 PM

Members Present: D. Sallet, Chair
B.Mitchell
M.Perfit
M.Girard
J.Boisvert, Sec

Town Officials/Staff Present: P.Deschaine, Town Administrator

Review of Mail

- NHDES to Chisholm Farm – The NHDES communicated the required course of action to the owner of the water system and denied the owner’s request to install the meter in July. The NHDES said the meter was required in June.
- Golf Club of New England – NHDES letter to GCNE stating that the GCNE satisfied the NHDES requirements with respect to the “Rustino” water issues.
- Great Bay Estuary Meeting on May 9, 2008 – M.Perfit is planning to attend. The topic is the commissions report to the legislature.
 - PWC discussion included concern by some members that the report does not meet the intent of the original legislation, the study may turn into a “dead end” requiring the formation of a second commission, and the study did not do a sufficient job in exploring all of the options particularly the “big pipe” option.

Old Business

- Route 108 Fire Suppression System
 - P.Deschaine: “Nothing new to report”
- A wastewater treatment article from “Civil Engineering Magazine” was provided for members to review.

Adjourn: 8:35 PM

Respectfully submitted:

John J. Boisvert, Secretary
