

Sturbridge Lake Advisory Committee

MINUTES 11/17/11

7:00 PM

Sturbridge Town Hall

- Call Meeting to Order
 - My apologies to all for having to cancel the last meeting. I was so busy with travel for work that I was unable to get the agenda set in time to make the 48 hour window prior to our meeting.
- Minutes from 08/18/11 Meeting
- SLAC recommendations for Governing Sturbridge Regulations regarding Dock, Rafts and Moorings.
 - In our previous meeting we had made it through Section 4 Subset B Procedures Specific to Docks. I'd like to pick up with moorings and see if we can finish off the evening by getting through the recommendations and voting on the final, so we can submit to the BOS for their review.
 - Recommendations reviewed and recorded for vote at later date
- Develop educational material explaining the Sturbridge Watersheds, Tributaries and Storm Water Drains and how they affect the Sturbridge Lakes. The focus will be on providing safer alternatives to eliminate water quality problems.
 - Marita Tasse is spearheading this initiative and was unable to attend.
- Pending bill to the attention of the SLAC membership and perhaps we should draft a letter in support of the bill - both to Representative Dempsey and our local representative.
 - Presented by Dave Mitchell. No Action required at this time
- Old Business
- New Business
