

Recreation Meeting for January 2007

Meeting date Thursday December 28, 2006 at 9:00am Field Walk

In Attendance: Mike Moran, Al Jones, and Mike Curtin

Absent: Tom Kane, Mary Lou Volpe and Lynne Girouard

Weed Control Funding

The Recreation Committee discussed the requests made to the CPC Committee for the use of CPC funds for lake treatment. The Recreation Committee felt that weed control is a “town expense” and is not in favor of funding this expense through the CPC funds. This request does not impact recreation for everyone in town, and may also set precedence for the other lakes to pursue funds.

As there is a Town Beach on Cedar Lake we would support partial funding and have in the past through Betterment Funds for lake management.

Potential Field Sites

The two fields at the OSV property look promising, not clear on the ownership, property lines a field measured 330x200 1.5 acres great trails for recreational walks

Regards,

Mike Moran
