The Group felt that the proposed fields would meet their current needs

The Recreation Committee has decided unanimously to take off the warrant articles from the Town Meeting Warrant

We would like the design firm to place Major League, Little League, Multi Use and a Softball field for a total of four fields on that property

That would leave the Town Barn fields with Little League Field and two Multi purpose on that site and hopefully stay as far away from the ledge as possible. Possibly bring the road closer to the ledge.

Phase I would be to start with the Shepard Parcel and allocate someone to clear the ledge from the Town Barn property at no cost to the town.

Meeting Adjourned at 7:00 pm

Respectfully Submitted,

Lynne Girouard
