Re: Essex Heritage Scenic Byway Corridor Management Plan

Dear Mr. Palmer:

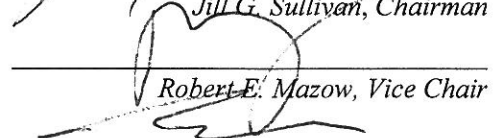

The Town of Swampscott wishes to express its full support for the Corridor Management Plan prepared for the Essex Heritage Scenic Byway.

As a member of the Corridor Advisory Group, our Engineering Department has participated in the development of the Corridor Management Plan prepared by the Essex National Heritage Commission and its consulting team, Brown Walker Planners. Our review of the plan found it to be a thorough and thoughtful reflection of the goals and recommendations identified by the community representatives and other stakeholders.

Thank you for your support of the Essex Heritage Scenic Byway. We look forward to helping create a sustainable byway program in order to generate economic and quality of life benefits for the Town of Swampscott and the region.
