## November 2011 Newsletter

**SWPPP / SPCCP / Runway 4-22 Threshold Siting Analysis – FY 2011 Project:** GZA has completed a draft of SWPPP/SPCC for airport review and has now submitted it to MassDOT and the FAA for their review.

**EA/EIR FY2012 Project:** ASG has selected the Environmental and Survey sub-consultants. They will coordinate with the sub-consultants to complete the draft scope for TMAC, MassDOT and FAA review.

**Phase 1 RW4-22 Easement/Land Acquisition – FY2012 Project:** ASG has performed preliminary analysis to assess scope of work and prepared the MassDOT pre-applications. They have prepared individual parcel sheets for presentation to property owners.

**House Account Policies and Practices:** We have noticed a growing trend that some house account customers are exceeding the maximum 90 day credit limit terms. If this trend continues the airport will need to re-evaluate this policy and practice. Please maintain your account accordingly.

**Airport Community Awareness and Participation:** As always, the users of the airport are the best eyes and ears that we have. We depend on your input; please bring to our attention any items or issues that may arise between now and the next meeting.

**Taunton Municipal Airport Commission Meetings:** The TMAC meets on the last Wednesday of every month in the Leonard F. Rose SRE building unless otherwise noted. The next scheduled meeting will be held on Wednesday, November 30, 2011. The meetings are open to the public and all are invited to attend and participate.
