Airport Master Plan Update Kickoff [AMPU] FY 2013 AIP: As has been mentioned many times previously the Taunton Municipal Airport Commission is initiating an Airport Master Plan Update and Airport Solutions Group [ASG], our consulting engineers will be implementing the plan. Last updated in 2002, the new AMPU will ultimately provide a plan for the airport that meets the long-term needs of airport users and the community in a manner that is consistent and compatible with their goals, the FAA's and MassDOT Aeronautics'. We would appreciate having your thoughts on possible improvements to the Airport and would be grateful if you could complete the following questionnaire. We would also request that you share this survey with anyone else with an interest in the long-term future of the Taunton Municipal Airport. There are a maximum of 28 questions in this survey.
