Hours of Fuel Operations: The summertime extended evening hours of fuel operations was discontinued as of Sunday, September 28th. Normal fueling hours are 8:00 am to 5:00 pm daily. Please note that there will be no fueling on Thanksgiving Day, November 27th, 2014.

Master Plan Project Advisory Committee [PAC] Meeting: The next Master Plan PAC meeting will be held in early December. No date has yet been set.

Unauthorized Use of the Aircraft Operating Area (AOA) by Motor Vehicles: By the number of automobiles using the aircraft operating area (AOA) to get from one side of the airport to the other, it has become apparent that we need to remind all airport users that "general" automobile/truck and motorcycle traffic is not allowed on the AOA. All individuals wishing to transgress the airport should use the East/West roadways. Common vehicle traffic is only allowed on the AOA to load/unload your aircraft and/or FBO service to tow your aircraft. **The above excerpt regarding Unauthorized Use of the Aircraft Operating Area (AOA) by Motor Vehicles first appeared in these monthly newsletters in August 2010 and has been repeated in 10/2010, 8/2011, 9/2011, 8/2012, 4/2013, and 4/2014.**

Deer Eradication Program: Just a reminder that we are continuously in the process of trying to eliminate the deer on airport property. This **Deer Eradication Program Notification** first appeared in these newsletters in January 2006 and has been repeated in 1/2007 and 12/2011.
