COMMITTEE REPORTS

UNFINISHED BUSINESS

- **Executive Session** – Meet to discuss the Star Theater litigation and an update on Operation Cleanup

ORDERS, ORDINANCES AND ENROLLED BILLS

Order for a first reading to be passed to a second reading

\$250,000.00 is appropriated for the purpose of financing the following water pollution abatement facility projects: repair, replace or installation of septic systems, pursuant to agreements between the Board of Health and residential property owners, including without limitation all costs thereof as defined in Section 1 of Chapter 29C of the General Laws; that to meet this appropriation the Treasurer with the approval of the Mayor is authorized to borrow **\$250,000.00** and issue bonds or notes therefore

under G.L.c.111 s127B ½ and /or Chapter 29C of the General Laws; that project and financing costs shall be repaid by the property owner, in accordance with those agreements, but such bonds or notes shall be general obligations of the City; that the Treasurer with the approval of the Mayor is authorized to borrow all or a portion of such amount from the Massachusetts Water Pollution Abatement Trust established pursuant to Chapter 29C and in connection therewith to enter into a loan agreement and/or a security agreement with the Trust and otherwise to contract with the Trust and the Department of Environmental Protection with respect to such loan and for any federal or state aid available for the project or for the financing thereof; that the Mayor or the Treasurer is authorized to enter into a project regulatory agreement with the Department of Environmental Protection; and that the Mayor is authorized to expend all funds available for the projects and to take any other action necessary to carry out the projects.

NEW BUSINESS

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Rm Blackwell". The signature is written in a cursive, flowing style.

Taunton, MA 02780**

RE: North Walker Street

Dear Mayor Crowley and Members,

The Taunton Conservation Commission wishes to thank you for your support in the acquisition of the North Walker Street property. This area is an important migratory and nesting habitat that will now be protected from development. It will also afford residents the opportunity to view migratory birds as well as native species and learn of the historical and environmental significance of the site.

Sincerely,

Brian Marques, Chair
Taunton Conservation Commission

City Clerk

Dear Mayor Crowley,

Taunton Youth Soccer League is requesting
the use of the electronic sign located at
the Taunton Green. We would like to inform
Taunton families of our final registration day,
if possible we would like the information to be
posted for the two weeks prior. Start day May 24th.
Taunton Youth Soccer registration June 5th
9-3 at MYRICKS. More info on our website.

Mayor Crowley, members of the City Council & Taunton Police Dept. I'm writing in regards to Brittany's Motorcycle Run which is for a local 13 year old girl with a terminal illness. We have already submitted a request to have this posted on the Board in the city to let the community know. But at this time we also wanted to ask if there would be any of the Taunton Police Motorcycles that would donate their time and lead the run. Again this would be on Sunday, June 6, 2010.

Thank you,
 Diann - 1508673533,
 Corie - 15283860366

May 6, 2010

Dear Honorable Mayor
And members of the city council

The Taunton Holy Ghost society requests permission to hold our annual procession on June 13th, 2010 which will begin at 10:00 a.m. from the Clube Espirito Santo located at 88 Wales St., and it will then proceed onto Oak St. to St Joseph's Church on Kilmer Ave. After the conclusion of the mass at 10:30 at St. Joseph's, the procession will continue onto Oak St then onto Reed St and will end at Clube Espirito Santo.

If you require further details please feel free to contact me at either number listed above or (508) 726-1862. Thank you in advance.

Sincerely,

Diane Reis Paiva
Secretary

May 12, 2010

Honorable Mayor Charles Crowley & Members of the Municipal Council
Taunton City Hall
15 Summer Street
Taunton, MA 02780

Dear Mayor Crowley & Members of the Municipal Council:

On behalf of the leadership and the entire membership of the Taunton Eagles Soccer Club, I would like to inform you about our Club's annual Holy Ghost procession and extend you all an invitation to participate in this important event.

The annual Holy Ghost procession is the principal celebration of the weekend-long festivities and will take place on Sunday, June 6, 2010. The procession will start at 11:30 a.m. from the Club's property at 29 Oak Street, Taunton, and proceed down Oak Street turning on Kilmer Avenue until arriving at Saint Andrew's Roman Catholic Church (formerly St. Joseph's) at 19 Kilmer Avenue for a special 12:00 p.m. mass. Immediately following the mass, at approximately 1:00 p.m. the procession will leave the Church heading onto Kilmer Avenue, then turning onto Oak Street until arriving at the Club's facility upon which the traditional Holy Ghost soups will be served to the all the participants of the procession and to the general public.

For the procession, both to the St. Andrews Church and for its return back to the Club grounds, Taunton Eagles would like to request the City's assistance with the temporary street closures and police escorts for the participants in the procession.

The faith and festivities of the Holy Ghost tradition are a major part of the Portuguese culture, specifically that of the Azoreans. It has been proudly transported to our area by the many immigrants and exhibited at our club as part of annual celebrations. Through-out the weekend of June 4 - June 6 our members and their families will once again proudly exhibit these strong traditions.

Again, on behalf of the Board of Directors and the entire membership, we would be extremely honored to count your presence during these important festivities and especially proud to have your participation in our procession. Please feel free to contact me if you have any questions at (508) 828-9048 or (508) 823-3818.

Sincerely,

Antonio Carvalho

Re: **Class II License Increase**

Dear Mayor Crowley and Councilors:

Attached please find City of Taunton Ordinance regarding second hand motor vehicles increasing the fee from \$100.00 to \$200.00. Originally back on June 22, 2009, it was voted to increase certain fees, Class II license increase from \$100 to \$200 was one of them, however, this particular increase for the Class II licenses was inadvertently left out. Therefore, please forward this Ordinance after review to first reading on Tuesday, May 18, 2010.

Thank you for your assistance in this matter.

Sincerely,

Jane E. Estey
City Solicitor

Re: **Designer Selection Procedure**

Dear Mayor Crowley and Councilors:

Please find attached the Designer Selection Procedures that govern the selection of designers for public building projects.

If you have any questions please do not hesitate to contact me.

Respectfully,

Jane E. Estey
City Solicitor

**Designer Selection Procedures
(Adopted [date])**

1. These procedures govern the selection of designers for public building project subject to the state designer selection law, M.G.L. c. 7, §§38A½-O in the City of Taunton. Any other local law governing the procurement of services will be inapplicable to these procurements.
2. The Municipal Council ("Approving Body") has the authority to conduct the designer selection process for the Awarding Authority. The Approving Body may delegate any duties described herein to the extent such delegation is permissible by law.
3. The Mayor shall designate the individual or group of individuals (hereinafter referred to as "the Committee") who will conduct the designer selection process.

No member of the Committee shall participate in the selection of a designer for any project if the member, or any of the member's immediate family:

- a. has a direct or indirect financial interest in the award of the design contract to any applicant;
 - b. is currently employed by, or is a consultant to or under contract to, any applicant;
 - c. is negotiating or has an arrangement concerning future employment or contracting with any applicant; or
 - d. has an ownership interest in, or is an officer or director of, any applicant.
4. A Request for Qualifications (RFQ) for each contract subject to these procedures shall be advertised in a newspaper of general circulation in the locality of the building project, in the *Central Register* published by the Secretary of the Commonwealth, and in any other place required by the Approving Body, at least two weeks before the deadline for filing applications.
 5. The advertisement shall contain the following information:
 - a. a description of the project, including the specific designer services sought, the time period within which the project is to be completed, and, if available, the estimated construction cost;
 - b. if there is a program for the building project, a statement of when and where the program will be available for inspection by applicants;
 - c. when and where a briefing session (if any) will be held;

- d. the qualifications required of applicants;
 - e. the categories of designers' consultants, if any, for which applicants must list names of consultants they may use;
 - f. whether the fee has been set or will be negotiated; if the fee has been set, the amount of the fee must be listed in the advertisement;
 - g. when and where the RFQ can be obtained and the applications must be delivered.
6. The RFQ shall include the current "Standard Designer Application Form for Municipalities and Public Agencies not within DSB Jurisdiction," which is available for download from the Massachusetts Designer Selection Board website at Designer Selection Board (DSB) Procedures for Municipalities. The Application Form may be amended to include additional information on a project-specific basis.
7. The Committee shall evaluate applicants based on the following criteria:
- a. prior similar experience;
 - b. past performance on public and private projects;
 - c. financial stability;
 - d. identity and qualifications of the consultants who will work with the applicants on the project; and
 - e. any other criteria that the Committee considers relevant to the project.
8. The Committee shall select at least three finalists. Finalists may be required to appear for an interview or provide additional information to the Committee, provided that all finalists are afforded an equal opportunity to do so.
9. The Committee shall rank the finalists in order of qualification and transmit the list of ranked finalists to the Approving Body.³ No person or firm, including applicants' listed consultants, debarred pursuant to M.G.L. c. 149, §44C shall be included as a finalist on the list.

The list must be accompanied by a written explanation of the reasons for selection including the recorded vote, if any. The written explanation and recorded vote, if any, shall be public records and shall be maintained in the contract file.

10. If the fee was set prior to the selection process, the Approving Body shall select a designer from the list of finalists. If the Approving Body selects a designer other than the one ranked first by the Committee, the Approving Body shall file a written justification for the selection with the Committee and maintain a copy in the contract file.
11. If the fee is to be negotiated, the Approving Body shall review the list of finalists and may exclude any designer from the list if a written explanation of the exclusion is filed with the Committee and maintained in the contract file. The Approving Body shall request a fee proposal from the first ranked designer remaining on the list and begin contract negotiations. If the Approving Body is unable to negotiate a satisfactory fee with the first ranked designer, negotiations shall be terminated and undertaken with the remaining designers, one at a time, in the order in which they were ranked by the Committee until agreement is reached. In no event may a fee be negotiated which is higher than the maximum fee set by the Approving Body prior to selection of finalists.
12. If the Approving Body is unable to negotiate a satisfactory fee with any of the finalists, the Approving Body shall recommend that the Committee select additional finalists.
13. The Approving Authority may allow a designer who conducted a feasibility study to continue with the design of a project. However, the Approving Authority may commission, at its discretion, an independent review, by a knowledgeable and competent individual or business doing such work, of the feasibility of the designer's work to insure its reasonableness and its adequacy before allowing the designer to continue on the project, *provided* the Approving Authority otherwise complies with the statutory requirements for selecting a designer under Chapter 7 of the General Laws, including those set forth in M.G.L. c. 7, §38K(a)(1).
14. Every contract for design services shall include the following:
 - a. certification that the designer or construction manager has not given, offered, or agreed to give any person, corporation, or other entity any gift, contribution, or offer of employment as an inducement for, or in connection with, the award of the contract for design services;
 - b. certification that no consultant to, or subcontractor for, the designer or construction manager has given, offered, or agreed to give any gift, contribution, or offer of employment to the designer or construction manager, or to any other person, corporation, or entity as an inducement for, or in connection with, the award to the consultant or subcontractor of a contract by the designer or construction manager;
 - c. certification that no person, corporation, or other entity, other than a bona fide full-time employee of the designer or construction manager, has been retained or hired by the designer or construction manager to solicit for or in any way assist the designer or construction manager in obtaining the contract for design services upon an agreement or understanding that such person, corporation, or other entity

be paid a fee or other consideration contingent upon the award of the contract to the designer; and

- d. certification that the designer has internal accounting controls as required by M.G.L. c. 30, §39R(c) and that the designer has filed and will continue to file an audited financial statement as required by M.G.L. c. 30, §39R(d).

All fees shall be stated in design contracts, and in any subsequent amendments thereto, as a total dollar amount. Contracts may provide for equitable adjustments in the event of changes in scope or services.

15. The Awarding Authority shall not enter into a contract for design services unless the Awarding Authority or the designer has obtained professional liability insurance covering negligent errors, omissions, and acts of the designer or of any person or business entity for whose performance the designer is legally liable arising out of the performance of the contract. The total amount of such insurance shall at a minimum equal the lesser of one million dollars or ten percent of the project's estimated cost of construction, or such larger amounts as the Awarding Authority may require, for the applicable period of limitations. A designer required by the Awarding Authority to obtain all or a portion of such insurance coverage at its own expense shall furnish a certificate or certificates of insurance coverage to the Awarding Authority prior to the award of the contract.
16. Every contract for design services shall include a provision that the designer or its consultants shall not be compensated for any services involved in preparing changes that are required for additional work that should have been anticipated by the designer in the preparation of the bid documents, as reasonably determined by the individual responsible for administering the design contract.
17. In the event of an emergency that precludes the normal use of these designer selection procedures, the Approving Body may elect to authorize expedited procedures to address the emergency. The Approving Body shall document in writing the reasons for the emergency declaration, the proposed scope of work, the estimated cost of construction, the established fee for the needed design services, and any other relevant information.

The Approving Body may select three finalists from any standing list of designers who have applied for projects of a similar nature, or may otherwise select three designers to be considered as finalists for the project. The Approving Body shall rank the finalists in order of qualification and select the designer for the emergency work.
18. The Awarding Authority shall publish the name of any designer awarded a contract in the *Central Register*.
19. The following records shall be kept by the Awarding Authority:
 - a. all information supplied by or obtained about each applicant;

- b. all actions taken relating to the project; and
- c. any other records related to designer selection.

All records shall be available for inspection by the state Designer Selection Board and other authorized agencies.

- 20. The Awarding Authority shall evaluate designers' performance on contracts using the Designer Selection Board evaluation form(s) in accordance with M.G.L. c. 7, §38E(g), and file completed evaluations with the Board and any other agency named in M.G.L. c. 7, Section 38E(g).
- 21. Nothing in these Procedures shall be interpreted to require the establishment of a board or waive or reduce the requirements of any other applicable law or regulation.
- 22. For any municipal design or construction project *that includes funding provided by the Commonwealth, in whole or in part* (such as reimbursements, grants and the like), cities and towns must incorporate minority-owned business enterprise and women-owned business enterprise participation goals. If applicable, the Awarding Authority shall take steps to assure that it complies with all State Office of Minority and Women Business Assistance requirements.
