

AGENDA –NOVEMBER 9, 2010

INVOCATION ROLL CALL RECORDS

HEARING: Board of Assessors Annual Classification Hearing.

COMMUNICATIONS FROM THE MAYOR

APPOINTMENTS

COMMUNICATIONS FROM CITY OFFICERS

- Pg. 1-40 Com. from Executive Director of Retirement – Submitting the Actuarial Valuation of the City of Taunton Contributory Retirement System as of January 1, 2010
- Pg. 41-42 Com. from Police Chief – Requesting a transfer of funds
- Pg. 43-44 Com. from Police Chief – Responding to request regarding double lanes on Broadway
- Pg. 45-46 Com. from Police Chief – Responding to request regarding sidewalk on Thrasher Street
- Pg. 47 Com. from Police Chief – Responding to request regarding Radar Traffic Trailer
- Pg. 48-49 Com. from Police Chief – Responding to request regarding operation of the Law Enforcement Trust Fund
- Pg. 50 Com. from Attorney Wayne Berube, 6 Pleasant St., Taunton – Concerning removal of light towers

PETITIONS

Constable License

Constable application submitted by Brian D. Ratcliffe, 4 Dale Street, Taunton for a **RENEWAL** of his Constable License desiring to serve as a crossing guard.

Constable application submitted by Jacqueline L. Coute, 72 Eldridge Street, Taunton for a **RENEWAL** of her Constable License desiring to serve as a crossing guard.

Constable application submitted by John Dupont, 485 Somerset Ave., Taunton for a **RENEWAL** of his Constable License desiring to serve as a crossing guard.

Miscellaneous

Special Permit/Site Plan Review submitted by James R. Dorsey, Jr., Trustee, P.O. Box 311, Taunton to allow a restaurant with entertainment/function room at 64 Weir Street located in the Central Business District. **(Public Hearing Required)**

COMMITTEE REPORTS

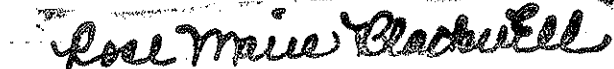

UNFINISHED BUSINESS

- Ordinance – Chapter 12.1, Manufactured Homes and Manufactured Home Parks, Section 12.1.36 Evictions
- **Executive Session** – Meet to discuss the Star Theater litigation and an update on Operation Cleanup

ORDERS, ORDINANCES AND ENROLLED BILLS

NEW BUSINESS

Respectfully submitted,

A handwritten signature in black ink that reads "Rose Marie Blackwell". The signature is written in a cursive style and is positioned below the typed name.

Rose Marie Blackwell
City Clerk

Director:**
Kathy A. Maki

October 26, 2010

Hon. Charles E. Crowley, Mayor
Council President Deborah Carr and
Members of the Taunton Municipal Council
15 Summer St., City Hall
Taunton, MA. 02780

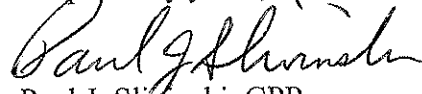

Dear Mayor Crowley and Councilors:

For information purposes, please find attached a copy of the Actuarial Valuation of the City of Taunton Contributory Retirement System as of January 1, 2010. The Valuation incorporates an update to the retirement system's pension funding schedule. (see page 12)

As you will see, the new schedule provides budgetary relief to the city. Beginning in FY2012, the pension appropriation will be \$12,529,240. This is \$1.189 million lower than what the prior funding schedule required and is \$659 thousand less than FY2011's appropriation.

The members of the retirement board are pleased to provide the city with a funding schedule that responsibly funds the pension plan and, at the same time, assists the city during these difficult economic times.

Respectfully yours,

Paul J. Slivinski, CPP
Executive Director

Encl.

Introduction

This report presents the City of Taunton actuarial valuation findings as of January 1, 2010, under the Commonwealth of Massachusetts Retirement System.

The actuarial valuation is based on:

- Provisions Chapter 32 of the Massachusetts General Laws, "M.G.L", as of January 1, 2010.
- Employee data provided by the Retirement Board
- Asset information reported to the Public Employee Retirement Administration Commission by the Taunton Contributory Retirement System
- Actuarial assumptions approved by the Retirement Board

The valuation and appropriation forecast are prepared in accordance with Chapter 32 of the M.G.L. as of January 1, 2010.

The valuation and forecast do not account for:

- Any subsequent changes in the law
- Chapter 32 of the M.G.L., Section 3(8)(c) transfers between systems
- State-mandated benefits
- Cost-of-living increases granted to retired members between 1982 and 1997. The cost of these benefits has been assumed by the State under Proposition Two and One-Half.

Actuarial Experience

In performing the actuarial valuation, various assumptions are made regarding such factors as mortality, retirement, disability, and withdrawal rates as well as both payroll, salary increases, and investment returns. A comparison of the current valuation and the prior valuation is made to determine how closely actual experience corresponded to anticipated occurrences. This analysis of the system provides insight into the overall quality of the actuarial assumptions and helps explain any change in the annual appropriation.

Since the last actuarial valuation, the total unfunded actuarial accrued liability, prior to any assumption or actuarial method change, increased by 52.7% to \$137,061,781, more than expected. The increase is the result of net unfavorable actuarial experience during the preceding years. The primary component of the unfavorable experience was poor investment experience during 2008. The sources of the (gain)/loss are as follows:

| | |
|--|--------------------|
| Investment | 48,014,529 |
| Salary Increases | (750,587) |
| New Participants | 1,086,003 |
| Active - Retirements | 905,584 |
| Active - Terminations | 841,333 |
| Active - Mortality | (170,095) |
| Active - Disabilities | 1,771,232 |
| Inactive - Mortality and data adjustments | (642,205) |
| Other, including service buybacks, data, contributions | <u>(1,675,878)</u> |
| Total (Gain)/Loss | 49,379,916 |

As of January 1, 2010, the salary scale assumption was changed to reflect the expectation of lower future salary growth. This change reduced the actuarial accrued liability by \$16,566,833. In addition, an asset smoothing method was adopted to reduce the volatility of valuation assets from year to year. This increased the actuarial value of assets as of January 1, 2010 by \$24,711,275. Together, these reduced the unfunded accrued liability from \$137,061,781 to \$95,783,673.

Actuarial Costs and Liabilities:

Normal Costs

The normal cost is the sum of the individual normal costs determined for each member as if the assumptions underlying the cost determinations had been exactly realized. An individual normal cost represents that part of the cost of a member's future benefits which are assigned to the current year as if the costs are to remain level as a percentage of the member's pay. Benefits payable under all circumstances (i.e., retirement, death, disability, and terminations) are included in this calculation. Anticipated employee contributions to be made during the year are subtracted from the total normal cost to determine employer normal cost. The total normal cost is divided by total payroll to determine the normal cost as a percent of pay. The normal cost is shown in Table I.

Table I

| | <u>January 1, 2008</u> | <u>January 1, 2010</u> |
|-------------------------|------------------------|------------------------|
| Superannuation | \$5,240,686 | \$4,405,016 |
| Termination | 539,901 | 607,451 |
| Death | 360,189 | 357,515 |
| Disability | 1,258,404 | 1,244,164 |
| Administrative Expenses | <u>375,000</u> | <u>375,000</u> |
| Total Normal Cost | 7,774,180 | 6,989,146 |
| % of Pay | 15.2% | 13.1% |
| Employee Contributions | 4,374,029 | 4,714,531 |
| % of Pay | 8.6% | 8.8% |
| Employer Normal Cost | \$3,400,151 | \$2,274,615 |
| % of Pay | 6.7% | 4.2% |

Present Value of Actuarial Accrued Liabilities

The actuarial accrued liabilities (AAL) represents today's value of all benefits based on the past service of the actives and inactive. The AAL can be compared to the assets to determine the funded status of the Plan. The value of these earned benefits is shown in Table II below.

| | <u>January 1, 2008</u> | <u>January 1, 2010</u> |
|----------------------------|------------------------|------------------------|
| Actives | | |
| Superannuations | \$126,053,815 | \$118,757,306 |
| Termination | 1,978,438 | 2,236,576 |
| Death | 4,547,435 | 4,521,691 |
| Disability | 9,752,060 | 9,424,925 |
| Retirees and Inactives | | |
| Retirees and Beneficiaries | 110,659,619 | 126,821,562 |
| Terminated (Refund) | 1,604,625 | 1,451,540 |
| Disabled | <u>27,191,451</u> | <u>30,090,127</u> |
| Total | <u>\$281,787,443</u> | <u>\$293,303,727</u> |

Present Value of Future Benefits

The present value of future benefits represents today's value of all benefits earned by the inactive participants as well as all benefits earned and expected to be earned in the coming years by the active participants. The difference between the present value of future benefits and the present value of actuarial accrued liabilities is the value of benefits to be earned in the coming years. The value of the total expected benefits is shown in Table III.

Table III

| | <u>January 1, 2008</u> | <u>January 1, 2010</u> |
|----------------------------|------------------------|------------------------|
| Actives | | |
| Superannuation | \$171,357,198 | \$151,493,130 |
| Termination | 4,192,702 | 4,587,181 |
| Death | 7,521,316 | 7,080,151 |
| Disability | 21,487,357 | 19,415,936 |
| Retirees and Inactives | | |
| Retirees and Beneficiaries | 110,659,619 | 126,821,562 |
| Terminated (Refund) | 1,604,625 | 1,451,540 |
| Disabled | <u>27,191,451</u> | <u>30,090,127</u> |
| Total | \$344,014,268 | \$340,939,627 |

P:\Actrl\13007\2010\TauntonAssets2010-AB.xls]output

Actuarial Value of Assets

The actuarial value of assets is determined by projecting the market value of assets as of the beginning of the prior plan year with the assumed rate of return during that year (8%) and accounting for deposits and disbursements with interest at the assumed rate of return. An adjustment is then applied to recognize the difference between the actual investment return and expected return over a five year period. This preliminary actuarial value is not allowed to differ from the market value of assets by more than 20%. The calculation of the actuarial value of assets as of January 1, 2010 is presented in Table V.

Table V

| | <u>January 1, 2010</u> |
|--|------------------------|
| (1) Market value at January 1, 2009 | \$145,452,417 |

| (15) but not less than 80% nor greater than 120% of (6) | \$197,520,054 |
| (16) Ratio of actuarial value to market value | 114.30% |
| (19) Market Value Return for 2008 | -24.54% |
| (20) Market Value Return for 2009 | 17.98% |
| (21) Actuarial Value Return for 2008 | 2.08% |
| (22) Actuarial Value Return for 2009 | 1.20% |

Unfunded Actuarial Accrued Liabilities

Under the Entry Age Normal Actuarial Cost Method, the Actuarial Accrued Liability represents what the accumulated assets would have been as of the valuation date if:

- current plan provisions and assumptions had always been in effect,
- experience conformed exactly to assumptions, and
- the normal cost had been contributed each year since inception.

The actuarial value of the Fund's assets as of the end of the prior year are subtracted from the Actuarial Accrued Liability (AAL) to determine the Unfunded Actuarial Accrued Liability (UAAL) as of the valuation date. Over time, annual pension contributions will accumulate Plan assets equal to the AAL, and the UAAL will be eliminated. Thereafter, annual contributions equal to the normal cost will keep the Plan's assets and liabilities in balance. The UAAL is developed in Table VI.

Table VI

| | <u>January 1, 2008</u> | <u>January 1, 2010</u> |
|--------------------------------------|------------------------|------------------------|
| Actuarial Accrued Liability | \$281,787,443 | \$293,303,727 |
| Actuarial Assets | <u>192,018,134</u> | <u>197,520,054</u> |
| Unfunded Actuarial Accrued Liability | \$89,769,309 | \$95,783,673 |
| Funded Status | 68.1% | 67.3% |

Appropriations

The pension appropriation for the upcoming fiscal years have been calculated in accordance with the requirements set forth in Section 22D of Chapter 32 of the Massachusetts General Laws. These amounts were calculated to comply with the June 30, 2040, full funding mandate for all accrued liabilities. The pension appropriation is the sum of the:

- Employer normal cost,
- Increasing amortization of the unfunded actuarial accrued liability by June 30, 2023
\$ 93,218,986 over 13 years with 4.5% increasing payments
- Increasing amortization of the FY04 Appropriation Deferral by June 30, 2026
\$ 1,401,212 over 16 years with 4.5% increasing payments
- Increasing amortization of the 2002/2003 Early Retirement Incentives by June 30, 2015
\$ 409,354 over 5 years with 4.5% increasing payments
- Increasing amortization of the 2004 Early Retirement Incentive by June 30, 2021
\$ 740,228 over 11 years with 4.5% increasing payments
- Level amortization of the 1992 Housing Early Retirement Incentive by June 30, 2014
\$ 13,893 over 4 years
- Interest adjustment for payments contributed quarterly over fiscal year.

The pension appropriation for FYE10 is shown in Table VII.

Table VII

| | <u>January 1, 2008</u> | <u>January 1, 2010</u> |
|--|------------------------|------------------------|
| Normal cost | \$3,499,079 | \$2,274,615 |
| Amortization of the unfunded accrued liability | 8,087,674 | 8,671,844 |
| Amortization of the FY04 Deferral | 106,066 | 110,839 |
| Amortization payment of 2002/2003 ERI liability | 83,590 | 87,352 |
| Amortization payment of 2004 ERI liability | 75,516 | 78,914 |
| Amortization payment of 1992 Housing ERI liability | <u>3,884</u> | <u>3,884</u> |
| Total cost before interest adjustments | \$11,855,809 | \$11,227,448 |
| | | |
| Fiscal 2011 cost | \$13,188,674 | \$13,188,674 |
| Fiscal 2012 cost | \$13,718,822 | \$12,529,240 |

Appropriation Forecast

The following exhibit forecasts employer and employee contributions over the next 32 years under the adopted funding schedule.

Note that the forecast is based upon an "open group" method. This method assumes that sufficient employees will be hired each year to keep the number constant. The total payroll of the system is expected to increase 4.5% per year. The employee contribution rate is expected to increase to 10.5% by 2028 as members contributing base percentages 5%, 7%, and 8% are replaced by new members, whose base contribution is 9%. Payments are assumed to be spread over the fiscal year.

The employer total cost is expected to increase during the next 13 years until the unfunded liabilities are paid off. Amortization of the FY04 deferral will be completed by 2026, at which time only the normal cost will remain. The total FY12 cost represents 22.1% of payroll, and then decreases to approximately 2.7% a year after the unfunded liabilities are fully paid off.

Appropriation Forecast

| Fiscal Year Ending | Employee Payroll* | Employee Contribution | Employer Normal Cost with Interest | Amortization Payments with Interest | Employer Total Cost with Interest | Employer Total Cost % of Payroll | Funded Ratio %** |

GASB Statements No. 25 and No. 27

Effective for periods beginning after June 15, 1997, the Governmental Accounting Standards Board (GASB) requires the disclosure of pension related liabilities for public employer financial statements in accordance with Statements 25 and 27. These statements, which replace GASB Statement No. 5, must be adhered to by any public employee retirement system that follows Generally Accepted Accounting Principles (GAAP).

These disclosures are intended to establish a reporting framework that distinguishes between:

- current financial information about plan assets and financial activities,
- actuarially determined information from a long-term perspective,
- the funded status of the plan, and
- progress being made in accumulating sufficient assets to pay benefits when due.

Footnote disclosures required by GASB Statement No. 25 and 27 include a description of the plan, a summary of significant accounting policies, and information about contributions, legally required reserves, and investment concentrations. As a result of the oversight of the Public Employees Retirement Administration Commission (PERAC) and the conversion of unpaid contributions to pension related debt, the Net Pension Obligation (NPO) as required by Statement No. 27 will effectively always be equal to \$0. The required disclosure information is shown in Table VIII.

Table VIII

| | <u>January 1, 2008</u> | <u>January 1, 2010</u> |
|--|------------------------|------------------------|
| (1) Actuarial Accrued Liability | \$281,787,443 | \$293,303,727 |
| (2) Actuarial Value of Assets | <u>192,018,134</u> | <u>197,520,054</u> |
| (3) Unfunded Actuarial Accrued Liability | 89,769,309 | 95,783,673 |
| (4) Funded Ratio (2)/(1) | 68.1% | 67.3% |
| (5) Covered Payroll | \$51,021,751 | \$53,542,943 |
| (6) UAAL as a percentage of payroll: (3)/(5) | 175.9% | 178.9% |
| (7) Annual Required Contribution (ARC) | \$11,005,807 | \$13,188,674 |
| (8) Net Pension Obligation | \$0 | \$0 |

**PERAC Annual Statement
APPENDIX PAGE 3
ACTUARIAL VALUATION AND ASSUMPTIONS**

The most recent actuarial valuation of the System was prepared by Buck Consultants as of January 1, 2010.

| | | |
|---|-------------|---------------|
| The normal cost for employees on that date was: | \$4,714,531 | 8.8% of pa |
| The normal cost for the employer was: | 1,899,615 | 3.5% of pa |
| | | |
| The actuarial liability for active members was: | | \$134,940,498 |
| The actuarial liability for retired and inactive members was: | | 158,363,225 |
| Total actuarial accrued liability: | | 293,303,727 |
| System assets as of that date: | | 197,520,054 |
| Unfunded actuarial accrued liability: | | \$95,783,673 |
| | | |
| The ratio of system's assets to total actuarial liability was | | 67.3% |

The principal actuarial assumptions used in the valuation are as follows:

| | |
|--------------------------|------|
| Investment Return: | 8.0% |
| Rate of Salary Increase: | 3.0% |

SCHEDULE OF FUNDING PROGRESS

| Actuarial Valuation Date | Actuarial Value of Assets (a) | Actuarial Accrued Liability (b) | Unfunded Actuarial Accrued Liability (b-a) | Funded Ratio (a/b) | Covered Payroll (c) | UAAL as a percent of Covered Payroll (b-a)/c |

EXHIBIT 4 - CASHFLOW FORECAST:

The following is a 30 year forecast of benefit payments net of state reimbursable COLA payments, Contribution Income and Investment Returns.

| Plan Year Ending | Benefit Payments | Employee Contributions | Employer Contributions | Investment Returns | Net change in plan assets |
|------------------|------------------|------------------------|------------------------|--------------------|---------------------------|
| 2010 | \$18,455,877 | \$4,714,531 | \$13,188,674 | \$14,081,256 | \$13,528,584 |
| 2011 | 19,298,727 | 4,982,468 | 12,529,240 | 16,323,703 | 14,536,684 |
| 2012 | 20,273,721 | 5,264,973 | 12,834,834 | 17,441,383 | 15,267,469 |
| 2013 | 21,330,634 | 5,562,813 | 13,347,070 | 18,629,835 | 16,209,083 |
| 2014 | 22,306,148 | 5,876,798 | 13,875,271 | 19,897,341 | 17,343,262 |
| 2015 | 23,282,310 | 6,207,776 | 14,312,105 | 21,255,054 | 18,492,625 |
| 2016 | 24,245,073 | 6,556,642 | 14,881,808 | 22,706,986 | 19,900,363 |
| 2017 | 25,332,636 | 6,924,335 | 15,473,803 | 24,267,321 | 21,332,823 |
| 2018 | 26,368,110 | 7,311,843 | 16,088,942 | 25,945,016 | 22,977,691 |
| 2019 | 27,405,181 | 7,720,206 | 16,728,108 | 27,755,002 | 24,798,136 |
| 2020 | 28,452,107 | 8,150,514 | 17,392,220 | 29,711,046 | 26,801,672 |
| 2021 | 29,510,408 | 8,603,917 | 17,945,271 | 31,826,426 | 28,865,206 |
| 2022 | 30,543,019 | 9,081,621 | 18,655,997 | 34,110,096 | 31,304,695 |
| 2023 | 31,515,759 | 9,584,896 | 3,205,746 | 36,449,231 | 17,724,114 |
| 2024 | 32,439,191 | 10,115,075 | 3,244,284 | 37,841,431 | 18,761,599 |
| 2025 | 33,287,575 | 10,673,560 | 3,279,799 | 39,320,355 | 19,986,139 |
| 2026 | 34,109,468 | 11,261,827 | 3,072,223 | 40,896,739 | 21,121,321 |
| 2027 | 34,904,612 | 11,881,423 | 3,089,828 | 42,568,135 | 22,634,774 |
| 2028 | 35,545,524 | 12,416,088 | 3,228,870 | 44,359,407 | 24,458,841 |
| 2029 | 36,043,435 | 12,974,811 | 3,374,169 | 46,302,468 | 26,608,013 |
| 2030 | 36,310,843 | 13,558,678 | 3,526,007 | 48,426,770 | 29,200,612 |
| 2031 | 36,587,660 | 14,168,818 | 3,684,677 | 50,758,388 | 32,024,223 |
| 2032 | 36,714,000 | 14,806,415 | 3,850,488 | 53,322,087 | 35,264,990 |

| 2034 | 36,514,580 | 16,168,976 | 4,204,829 | 59,280,276 | 43,139,501 |
| 2035 | 36,250,365 | 16,896,580 | 4,394,046 | 62,749,468 | 47,789,729 |
| 2036 | 35,858,252 | 17,656,926 | 4,591,778 | 66,596,040 | 52,986,492 |
| 2037 | 35,216,270 | 18,451,487 | 4,798,408 | 70,868,516 | 58,902,141 |
| 2038 | 34,432,745 | 19,281,804 | 5,014,336 | 75,620,174 | 65,483,569 |
| 2039 | 33,556,200 | 20,149,485 | 5,239,982 | 80,902,389 | 72,735,656 |

EXHIBIT 5 – SUMMARY OF PLAN PROVISIONS:

This summary is prepared in accordance with Chapter 32 as of January 1, 2010, and does not take into account any subsequent changes.

1. Administration

Each of the 107 contributory retirement systems for public employees for the Commonwealth of Massachusetts are guided by the applicable provisions of Chapter 32 of the Massachusetts General Laws and other applicable statutes. Although these boards operate semi-independently, there is a uniform set of rules governing benefits, eligibility, contributions, financing, and accounting.

2. Participation

Participation is mandatory for all full-time employees. Eligibility with respect to part-time, professional, temporary, or intermittent employment is governed by the local board. Membership is optional for certain elected officials, State officials appointed by the Governor, and certain hospital interns.

There are four classes of membership as follows:

- (i) Group 1: Most general employees in State and local government
- (ii) Group 2: Certain specified hazardous duty positions
- (iii) Group 3: State police officers and inspectors
- (iv) Group 4: Local police officers, firefighters, and designated employees of the municipal light department.

For members in more than one group, participation will be proportional.

3. **Salary**

Salary is defined as gross regular compensation. Salary does not include bonuses, overtime, severance pay, unused sick leave credit, or other similar compensation.

4. **Member Contributions**

Member contributions vary depending upon date hired as follows:

| <u>Date of Hire</u> | <u>Member Contribution Rate</u> |
|----------------------------|--|
| Prior to 1975 | 5.0% of Salary |
| 1975 to 1983 | 7.0% of Salary |
| 1984 to 1996 | 8.0% of Salary |
| 1996 and Later plus | 9.0% of Salary |
| 1979 and Later | 2.0% of Salary in excess of \$30,000 |

5. **Average Salary**

Average salary is used to determine a participant's benefit. It is defined as the average salary during the three consecutive-year period that produces the highest average. (Alternatively, if a greater amount results, it is the average rate of salary earned during the period or periods, whether or not consecutive, that constitutes the last three years preceding retirement.)

6. **Creditable Service**

In general, creditable service is awarded during the period in which a member contributes to the retirement system.

7. Service Retirement

a. Eligibility:

For an employee to be eligible for service retirement (also referred to as superannuation), one of the following conditions must be met:

- (i) completion of 20 years of service
- (ii) for an employee hired prior to January 1, 1978, attainment of age 55 as an active member
- (iii) for an employee hired on or after January 1, 1978, attainment of age 55 as an active member and completion of ten years of service
- (iv) if an employee is a State Police officer (Group 3), attainment of age 50

b. Benefit Amount:

The retirement allowance is determined as a product of the participant's Benefit Rate times Average Salary times Creditable Service, where Benefit Rate is determined from the following table:

| <u>Age at Retirement</u> | <u>Percentage of Average Salary</u> | | |
|--------------------------|-------------------------------------|----------------|----------------|
| | <u>Group 1</u> | <u>Group 2</u> | <u>Group 4</u> |
| 65 or Over | .025 | .025 | .025 |
| 64 | .024 | .025 | .025 |
| 63 | .023 | .025 | .025 |
| 62 | .022 | .025 | .025 |
| 61 | .021 | .025 | .025 |
| 60 | .020 | .025 | .025 |
| 59 | .019 | .024 | .025 |
| 58 | .018 | .023 | .025 |
| 57 | .017 | .022 | .025 |
| 56 | .016 | .021 | .025 |
| 55 | .015 | .020 | .025 |
| 54 | .014 | .014 | .024 |
| 53 | .013 | .013 | .023 |
| 52 | .012 | .012 | .022 |
| 51 | .011 | .011 | .021 |
| 50 | .010 | .010 | .020 |
| 49 | .009 | .009 | .019 |
| 48 | .008 | .008 | .018 |
| 47 | .007 | .007 | .017 |
| 46 | .006 | .006 | .016 |
| 45 | .005 | .005 | .015 |
| 44 | .004 | .004 | .004 |
| 43 | .003 | .003 | .003 |
| 42 | .002 | .002 | .002 |
| 41 | .001 | .001 | .001 |

For Group 3 (State Police), the benefit is 50% of the participant's final year's rate of regular salary, plus an additional 1% for each year of service in excess of 20 years. In addition, for veterans (all groups) there is an additional benefit of \$15 per year for each year of service, up to a maximum of 20 years of service.

8. Deferred Vested Retirement

a. Eligibility:

A participant who has completed ten or more years of creditable service is eligible for a deferred vested retirement benefit. If termination is involuntary, the participant is vested after six years.

b. Benefit Amount:

The participant's accrued benefit is payable commencing at age 55, or may be deferred until later at the employee's option.

c. Refund of Contributions:

In lieu of the deferred pension benefit, a member may elect to receive a refund of their accumulated contributions. Members (on or after 1/1/1984) with ten or more years of service are entitled to 100% of the credited interest on their contributions. Members with five to ten years of service are entitled to 50% of the credited interest on their contributions. No credited interest is provided for members with less than five years of service.

9. Accidental Disability

a. Eligibility:

Participants are eligible for an accidental disability benefit, regardless of service or age, if they become permanently and totally incapacitated for further duty as a result of personal injury sustained while in the performance of duties.

b. Benefit Amount:

The accidental disability amount is 72% of annual salary plus \$629.64 per year for each child plus an additional annuity based upon accumulated Member Contributions with credited interest.

10. Ordinary Disability

a. Eligibility:

An ordinary disability occurs when a member becomes permanently and totally disabled due to sickness or injury that is not job related. In order to be eligible for an ordinary disability benefit, a member must have ten years of service (and be less than age 55).

b. Benefit Amount:

The ordinary disability amount is equal to the accrued retirement benefit as if the member were age 55. If the member was a veteran, the benefit is 50% of the member's final rate of Salary during the preceding 12 months, plus an annuity based upon accumulated Member Contributions plus credited interest. If the participant is over age 55, he will receive not less than the superannuation allowance to which he is entitled.

11. Survivor Benefits

a. Occupational Death:

The survivors of a member who dies due to an occupational injury will be entitled to a lump sum return of contributions plus a pension benefit equal to 72% of the participant's annual Salary.

b. Non-Occupational Death:

Upon the death of a member other than due to an occupational injury, the designated beneficiary will be entitled to a retirement benefit as if Option C had been elected with a minimum of \$250 per month to the surviving spouse, plus \$120 for the first child, plus \$90 for each additional child. If no beneficiary is designated and if the employee worked two years, and is married at least one year, the spouse may elect benefits. If there is no designated beneficiary or surviving spouse, then member contributions are returned. If there are dependent children but no surviving spouse, they may elect minimum survivor benefits of \$250 per month plus \$120 for the first child and \$90 for each additional child.

c. Refund of Contributions:

Upon the death of a member not entitled to survivor benefits, the beneficiary is entitled to a refund of all member contributions with interest.

12. Cost-of-Living Increases

In accordance with the adoption of Chapter 17 of the Acts of 1997, the granting of a cost-of-living adjustment will be determined by an annual vote by the Retirement Board. The amount of increase will be based upon the Consumer Price Index, limited to a maximum of 3.0%, beginning on July 1. All retirees, disabled retirees, and beneficiaries who have been receiving benefits payments for at least one year as of July 1 are eligible for the adjustment. The maximum amount of pension benefit subject to a COLA is \$12,000. All COLAs granted to members after 1981 and prior to July 1, 1998 are deemed to be an obligation of the State and are not the liability of the Retirement System.

13. Postretirement Death Benefits

Any benefits following the death of a member after retirement are based upon the form of benefit the participant elected at the time of retirement. There are three available forms as follows:

- (i) Option A – Life annuity
- (ii) Option B – Life annuity with death benefit equal to excess of member contributions plus credited interest to retirement over annuity benefit paid to member
- (iii) Option C – Life annuity with 66-2/3% of benefit continued after death of member to designated joint annuitant

EXHIBIT 6 – ACTUARIAL METHODS AND ASSUMPTIONS:

The actuarial cost method, factors, and assumptions used in determining cost estimates are presented below.

1. Member Data

The member data used in the determination of cost estimates consist of pertinent information with respect to the active, inactive, retired, and disabled members of the employer as supplied by the employer to the actuary.

2. Valuation Date

January 1, 2010.

3. Actuarial Cost Method

The costs of the Plan have been determined in accordance with the individual entry age normal actuarial cost method.

4. Rate of Investment Return

It is assumed that the assets of the fund will accumulate at a compound annual rate of 8.0% per annum.

5. Salary Scale

The assumed annual rates for salary increases including longevity are illustrated by the following rates:

| <u>Year</u> | <u>Group 1 & 2</u> | <u>Group 4</u> |
|-------------|------------------------|----------------|
| 2010 | 2.00% | 2.00% |
| 2011 | 2.25% | 2.25% |
| 2012 | 2.50% | 2.50% |
| 2013 | 2.75% | 2.75% |
| 2014+ | 3.00% | 3.00% |

6. **Cost-of-Living Increases**

Cost-of-living increases have been assumed to be 3.0% of the lesser of the pension amount and \$12,000 per year.

7. **Value of Investments**

Assets held by the fund are valued at market value as reported by the Public Employees' Retirement Administration Commission (PERAC). The actuarial value of assets is determined using a five-year smoothing of asset returns greater than or less than the assumed rate of return. The result must be within 20% of market value.

8. **Annual Rate of Withdrawal Prior to Retirement**

Based on an analysis of experience, the assumed annual rates of withdrawal may best be illustrated by the following rates at the following ages:

| <u>Service</u> | <u>General Employees</u> | <u>Police and Fire Employees</u> |
|----------------|--------------------------|----------------------------------|
| 0 | 0.1500 | 0.1500 |
| 10 | 0.0540 | 0.1500 |
| 20 | 0.0200 | 0.0000 |
| 30 | 0.0000 | 0.0000 |

9. **Annual Rate of Mortality**

It is assumed that both preretirement and postretirement mortality are represented by the RP-2000 Mortality Table for males and females. 80% of preretirement deaths are assumed to be ordinary, and 20% are assumed to be service connected. Mortality for disabled members is represented by the RP-2000 Mortality Table set forward two years for all disabled members.

10. Service Retirement

Based on an analysis of experience, the assumed annual retirement rates are illustrated at the following ages:

| <u>Age</u> | <u>Male General Employees</u> | <u>Female General Employees</u> | <u>Male and Female Police and Fire Employees</u> |
|------------|---------------------------------------|---|--|
| 45 | 0.0000 | 0.0000 | 0.01000 |
| 46 | 0.0000 | 0.0000 | 0.01000 |
| 47 | 0.0000 | 0.0000 | 0.01000 |
| 48 | 0.0000 | 0.0000 | 0.01000 |
| 49 | 0.0000 | 0.0000 | 0.01000 |
| 50 | 0.0100 | 0.0150 | 0.02000 |
| 51 | 0.0100 | 0.0150 | 0.02000 |
| 52 | 0.0100 | 0.0200 | 0.02000 |
| 53 | 0.0100 | 0.0250 | 0.05000 |
| 54 | 0.0200 | 0.0250 | 0.07500 |
| 55 | 0.0200 | 0.0550 | 0.15000 |
| 56 | 0.0250 | 0.0650 | 0.10000 |
| 57 | 0.0250 | 0.0650 | 0.10000 |
| 58 | 0.0500 | 0.0650 | 0.10000 |
| 59 | 0.0650 | 0.0650 | 0.15000 |
| 60 | 0.1200 | 0.0500 | 0.20000 |
| 61 | 0.2000 | 0.1300 | 0.20000 |
| 62 | 0.3000 | 0.1500 | 0.25000 |
| 63 | 0.2500 | 0.1250 | 0.25000 |
| 64 | 0.2200 | 0.1800 | 0.30000 |
| 65 | 0.4000 | 0.1500 | 1.00000 |
| 66 | 0.2500 | 0.2000 | 1.00000 |
| 67 | 0.2500 | 0.2000 | 1.00000 |
| 68 | 0.3000 | 0.2500 | 1.00000 |
| 69 | 0.3000 | 0.2000 | 1.00000 |
| 70 | 1.0000 | 1.0000 | 1.00000 |

11. Annual Rate of Disability Prior to Retirement

Based on an analysis of experience, the assumed annual rates of disability may best be illustrated by the following probabilities at the following ages:

| <u>Attained Age</u> | <u>General Employees</u> | <u>Police and Fire Employees</u> |
|---------------------|--------------------------|----------------------------------|
| 20 | 0.0001 | 0.0010 |
| 30 | 0.0003 | 0.0030 |
| 40 | 0.0010 | 0.0030 |
| 50 | 0.0019 | 0.0125 |

In addition, it is assumed for the general employees that 45% of all disabilities are ordinary (55% are service connected). For police and fire employees, 10% of all disabilities are assumed to be ordinary (90% are service connected).

12. Family Composition

It is assumed that 80% of all members will be survived by a spouse and that females (males) are three years younger (older) than members.

13. Administrative Expenses

The normal cost is increased by an amount equal to the anticipated administrative expenses for the upcoming fiscal year. The amount for fiscal year 2010 is \$375,000 and is anticipated to increase at 4.5% per year.

EXHIBIT 7 – GLOSSARY OF TERMS:

This glossary summarizes the technical terms contained in this report.

1. **Actuarial Accrued Liability**

That portion of the Actuarial Present Value of plan benefits that is not provided for by future employer Normal Costs or employee contributions.

2. **Actuarial Assumptions**

Assumptions as to the occurrence of future events affecting the Retirement System such as:

- Rates of investment returns
- Increases in a member's salary
- Inflation
- The probability of mortality, turnover, disablement
- Retirement at each age and other relevant items

3. **Actuarial Cost Method**

A procedure for allocating the Actuarial Present Value of pension plan benefits between Normal Cost and Actuarial Accrued Liability.

4. **Actuarial Present Value**

The single sum amount required at the valuation date that is required to provide for anticipated future events based upon the terms of the plan and the Actuarial Assumptions.

5. **Forecast**

A projection of future benefit payments or contribution requirements based upon the terms of the plan, the current asset amounts, the Actuarial Assumptions, and additional assumptions as to the replacement of terminating employees with new employees.

6. Normal Cost

That portion of the Actuarial Present Value of future benefits that is assigned to the current year.

7. Unfunded Actuarial Accrued Liability

That portion of the Actuarial Accrued Liability that is not provided for by current actuarial value of assets.

8. Valuation Method

The method used to divide the cost of future benefits among the Actuarial Accrued Liability, the current year's Normal Costs, and future years' Normal Costs. The resulting current funding requirement is then determined as the current year's Normal Cost plus the payment necessary to amortize the Unfunded Actuarial Liability.

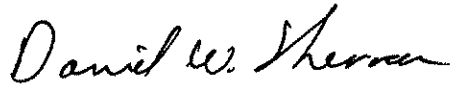

9. Vested Liability

That portion of the Actuarial Present Value of Accrued Benefits that a member would be entitled to if the member terminated employment with the employer as of the valuation date.

CERTIFICATION:

This report fairly represents the actuarial position of the Taunton Contributory Retirement System contributing as of January 1, 2010, in accordance with generally accepted actuarial principles applied consistently with the preceding valuation. In our opinion, the actuarial assumptions used to compute actuarial accrued liability and normal cost is reasonably related to plan experience and to reasonable expectations, and represents our best estimate of anticipated plan experience.

CHIEF
EDWARD J. WALSH

October 20, 2010

To: Chief Edward J. Walsh
From: Bruce A. Pontes, Safety Officer
Re: Extension of Double lanes going north on Broadway area north of E. Britannia St

The Double lanes in this area of Broadway go from the intersection of Monroe St. to the intersection of Avon St; The Double lanes are on both sides of road going both north and south on Broadway. On the north side at the point where the Double lanes end the road starts to narrow, this area allows traffic to safely merge back into one lane. The extension of Double lanes would shorten this area. The lanes should remain as is.

Respectfully
Bruce A. Pontes, Safety Officer

October 13, 2010

Mr. Edward Walsh
Police Chief
Taunton Police Department
23 Summer Street
Taunton, MA 02780

Dear Chief Walsh:

At a regular meeting of the Municipal Council held on Tuesday, October 12, 2010, the Municipal Council stated that on East Britannia Street and Broadway heading north a resident recalls that the double lane that the DPW just made placement of should be extended further.

Therefore, a motion was made that you have the safety officer go out and investigate if that warrants the double lane to be extended.

Additionally, that you report back to the Municipal Council for next week's packet on the numerous communications that were sent to you concerning St. Mary's Square/St. Mary's School/Silva's Funeral Home striping.

Thank you for your attention to this matter.

Respectfully,

Rose Marie Blackwell
City Clerk

November 4, 2010

**To: Council President Debora Carr and Honorable Members of the
Municipal Council**

From: Bruce A. Pontes, Safety Officer
Re: Request for a sidewalk on Thrasher Street

**I have no objections for the placing of a sidewalk on Thrasher Street. I feel
all City Streets should have sidewalks, but I know this is not financially
possible.**

**On my observation of Thrasher Street I observed an area about four feet
wide that goes between the fence of the May Flower Cemetery and the edge
of road to safely walk along street.**

**There are many other streets with the same need for sidewalks it is your
decision to approve this one.**

Respectfully
Bruce A. Pontes, Safety Officer

November 4, 2010

President Deborah Carr, and Members
of the Municipal Council
City Hall
15 Summer Street
Taunton, MA 02780

Dear Council President Carr:

Pursuant to a request of the Municipal Council relative to operation of the law enforcement trust fund, please find the following responses:

I have been asked to provide some information on the various Law Enforcement Trust Funds that we control. This department receives financial assistance through various partnerships we have entered into that are required to be maintained outside of municipal accounts in separate trust funds. Different federal and state laws control how these funds may be used and I will outline them below. There are some discrepancies between the state and federal government rules, however, and because the funds are currently comingled, we are required to adhere to the stricter, and in this case, state rules for use of all funds. I am in the process of separating the line items so we can have some greater flexibility with the federal source of funds.

The primary source of our federal funds is from our partnership with the Drug Enforcement Administration under Section 881(e)(3) of Title 21, United States Code. Under this arrangement, we receive an equitable share of assets seized federally as a result of federal prosecution in which we participated. This asset may be cash, vehicles or real estate. Generally, the funds may only be used for law enforcement operations. An expressly general prohibited use of the funds is officer salaries. Under Massachusetts General Laws Chapter 94C, Section 47, we receive funds from the District Attorney's Office that have been court forfeited as a result of drug convictions. The funds may only be used to defray the costs of protracted investigations, provide additional technical equipment, or other law enforcement purposes that the chief deems appropriate, but these funds may not be considered a source of revenue to meet the operating needs of the department. In essence, these funds cannot supplant local funding, or fund items that should be funded in the department's budget. Because of the comingling, these are the rules under which the funds may be used. Relative to future funds, it is difficult to estimate what if any future funds we may receive as they are dependent of the future investigations and successful prosecutions. As a result I cannot predict with any certainty how much, if any, or when we might see future monies.

The FY2010 ending balances for these accounts are as follows.

22-210-6008 -> \$122,232.61
22-210-6123 -> \$195,544.77

Some of this money has been stagnate for awhile and I believe that the previous police chief had anticipated keeping the money in escrow with the goal funding our 2013 mandated Federal Communication Administration narrow banding requirements which may cost us up to \$500,000. Reviewing the records, it appears that we did not receive any additional funding in 22-210-6008 during FY2010.

I have also been asked to identify funds generated by the department as the result of FID cards, reports, etc. The following are these figures.

FY 2009

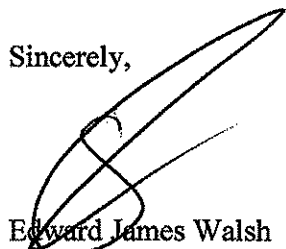

| | |
|--------------------------------------|---------------------|
| Pistol Permits & FID Cards | \$ 6,083.50 |
| Total for Auctioneers License | \$ 50.00 |
| Total for Comm MA Default Removal | \$ 225.00 |
| Total for Comm MA Restitution | \$ 60.00 |
| Total for Finger Prints | \$ 20.00 |
| Total for Firearm Record Bueau Trust | \$ 17,912.50 |
| Total for Police Equipment Gift Acct | \$ 1,650.00 |
| Total for Property Room | \$ 1,260.91 |
| Total for Tips System LLC | \$ 37.71 |
| Total for Vehicles Admin Fee | \$ 22,780.00 |
| Total for Verifax | \$ 17,024.50 |
| Total | \$ 67,104.12 |

FY 2010

| | |
|---------------------------------------|---------------------|
| Pistol Permits & FID Cards | \$ 7,225.00 |
| Total for Auctioneers License | \$ 75.00 |
| Total for Comm MA Restitution | \$ 75.00 |
| Total for Finger Prints | \$ 140.00 |
| Total for Firearm Record Bureau Trust | \$ 18,450.00 |
| Total for Property Room | \$ 460.00 |
| Total for Tips System LLC | \$ 116.69 |
| Total for Vehicles Admin Fee | \$ 26,455.00 |
| Total for Verifax | \$ 16,737.00 |
| Total for Restitution | \$ 191.00 |
| Total for Return Check | \$ 80.00 |
| Total | \$ 70,004.69 |

If you have any questions on this matter, or if I can be of any further assistance, feel free to contact me at 508-821-1471 x120.

Jordan D. Fiore, Esq.
Taunton Law Department
141 Oak St.
Taunton, MA 02780

Dear Attorney Fiore:

This letter confirms our telephone discussion of October 6, 2010.

As stated, my office building site has light towers owned by the City of Taunton. I have discussed the removal of these towers from my property in that they are non-functional. Currently, the State owns the adjacent property and has no intention whatsoever to utilize these towers to illuminate the parking lot.

Accordingly, these towers are of no use to the City of Taunton or myself. I have discussed the removal process with the State officials in reference to the completion of the Courthouse building and the State will remove the towers if the City of Taunton waives any interest. Accordingly, I ask the City's consideration in allowing the State to remove the useless light towers from my property.

Please start the necessary process to evaluate the situation.

My thanks for your kind cooperation, I remain,

Very truly yours,
BERUBE & VRANA, P.C.
