The Fire Department is no longer using the van that was previously driven by the SAFE Officer. The SAFE Officer was purchased a new Ford Flex last year using funds from the Fire Department Gift Account. I believe the SAFE van was originally purchased in 1995. It has come to my attention that the DPW could use this vehicle in some capacity for the betterment of the City. I am therefore relaying my intention to pass the vehicle and title over to the DPW for their future use.

Thank you,

Honorable Mayor Hoye and Members of the Municipal Council:

During the early morning hours of March 28 your Fire Department responded to a structure fire at 60 Weir Street. This address is the home of the pub known as Bobby's Place, as well as the rooming house above the restaurant/bar area. Firefighters encountered heavy smoke on arrival. Property owner Bobby Asack was present at the time of the fire and without regard for his own personnel safety immediately took steps to help clear the residential sections of the building. He was assisted in this endeavor by several members of the Taunton Police Department. The actions of these individuals led to the building being evacuated and allowed fire crews to concentrate their efforts on suppressing the fire on arrival. I would like to thank Mr. Asack and the police officers for their efforts.

Thank you,

Timothy J Bradshaw

CITY CLERK

Dear Ladies and Gentlemen of the City Council,

I am writing to you today to request that Shores Avenue be placed on the list of roads that will be repaved this year in our city. I have placed this request with the Taunton DPW for the past 2 years. I recently learned that once again our road is not on the list of roads that will be repaved in 2014. I asked the DPW receptionist how I could have this decision appealed and she recommended I write to the council.

I realize that Shores Avenue is a side street and is not a priority given the fact that there are bigger roads/projects in the city that our higher priority. That is why we have been so patient, but to learn that we have to wait yet another year is frustrating, with no guarantees that it will be done next year either. We have owned our home in Taunton for 8 years and would really like this issue to be addressed. At the very least, if the road cannot be completely repaved, then perhaps the end of the road can be finished so that we are not left with a muddy pool of water or huge ice pond in front of our home every time there is inclement weather. I have enclosed photos so that you can see how bad it is and has been for the past 8 years.

I thank you in advance for your time and assistance with this matter. I hope to hear from the Council soon. Please let me know if you have any questions or if there is any additional information you need to make a decision on this request.

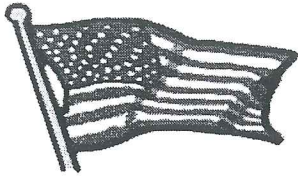

Best Regards,

Wendy Silva
