RE: Dewert Avenue Discontinuance

Dewert Avenue is a public way which sole purpose was to provide access to Fairfax Gardens. With the reconstruction of the housing development at this location, it is no longer needed, and in fact, becomes an obstruction. Once the roadway is discontinued, a new plan will be drawn dividing the old layout between the City and the one abutter.

Since this action will not affect anyone's travel or access, and is necessary for the housing project to continue, I recommend its discontinuance.

Mr. Ryan C. Colton,

RE: Delay Council vote to discontinue DeWert Avenue, Taunton, MA 02780 as a roadway.

Dear Council President Colton & Members of the Taunton City Council:

(Please place this item on your agenda for next Tuesday, August 14, 2012, 7:00 PM at your next City Council meeting.)

I am requesting that the Taunton City Council delay its vote in discontinuing the roadway known as DeWert Avenue. Too many of our city's residents are extremely upset that officials at the Taunton Housing Authority's want to erase the name of U.S. Navy veteran, Richard David DeWert from the roadway that was named in his honor. We all need to show respect for this young man who dedicated his life to serving this country during the Korean Conflict and lost his life aiding his fallen comrades.

Secondly, the psychology behind discontinuing DeWert Avenue as a roadway because a new housing project will replace the old housing project won't change the facts or history of the former housing project. For long time residents of this city, they will always remember the site as the fairgrounds for the circus and housing for military veterans and their families. To discontinue the roadway known as DeWert Avenue because of new housing will not change the fact that the same people who destroyed the first housing project are the same people/families that are expected to return there.

Lastly, petition(s) are being circulated by the residents of the neighborhoods that surround this housing development. These petitions will be sent to Secretary Shaun Donovan, Housing, Urban & Development, Washington, DC. Please be considerate and gracious to the residents and constituents of Taunton and delay your vote to discontinue DeWert Avenue.

Sincerely,

Kathryn N. Cunningham

RE: 53 Berkley Street

Taunton Municipal Council:

In regards to the property at 53 Berkley Street an inspection was conducted on June 19, 2012 at 3:30PM. During this inspection a large amount of trash and debris were noted in the backyard. This resulted in an order going out the property owners to clean up the property. They have slowly been cleaning up the exterior of the property though at this point there is still some work to be done. I have also received complaints that the people residing in the dwelling are living in conditions unfit for human habitation. In regards to these complaints I have arranged an inspection with the owners of the property on 8/8/12 to determine if the dwelling is fit for human habitation.

Sincerely,

Daniel Syriala
