Chapter 19

SEWERS AND DRAINS

Section 19-11.1: Procedure for Senior Hardship Deferrals of Sewer Betterment Assessments

Be it ordained by the Municipal Council of the City of Taunton and by authority of the same as follows:

SECTION 1. Chapter 19 of the Revised Ordinances of the City of Taunton, as amended, is hereby further amended by creating Section 19-11.1 as follows:

Sec. 19-11.1 Senior Hardship Deferrals of Sewer Betterment Assessments

Chapter 80 section 13B of the General Laws is accepted by the City of Taunton. Any person seeking a deferral thereunder must obtain an application from the Clerk of Committees. The application shall consist of an application form and a Betterment Assessment Deferral and Recovery Agreement, and may include additional information and instructions. The agreement shall contain the provisions set forth in section 13B. The completed application must be filed with the Clerk of Committees within six months after notice of such assessment has been sent out by the collector. The applicant must fully and accurately complete the application, to include obtaining the written approval of any mortgagee or other person with an interest in the property as provided by the statute. For each timely filed application, the Committee on the Department of Public Works will determine whether or not an applicant qualifies for deferral. The Committee may call upon the Assessors to assist it in making the determination, and the Assessors shall provide such assistance when called upon to do so. If the applicant qualifies, then the deferral shall be granted by the Committee and the members voting in favor thereof shall sign the agreement. The applicant shall be notified of the Committee's decision whether or not the deferral is granted. The Committee shall provide notice of any deferral granted hereunder to the Treasurer/Collector. The Committee shall cause the agreement to be recorded at the Registry of Deeds, with the recording fee being added to the amount owed by the applicant. The agreement shall constitute a statement of the action of the Committee for the purposes of section 13B. The interest rate shall be, pursuant to the provisions of sections 13B(1) and 13 of chapter 80 of the general laws, the rate applicable to apportioned assessments. Payment shall become due as provided for by section 13B. The applicant shall cause the Collector to be notified upon the occurrence of an event that results in the payment becoming due. Once the debt is paid, the Collector shall cause to be recorded a renunciation or appropriate release with the Registry of Deeds. This Ordinance is intended to be in accordance with G.L. c. 80 section 13B and its provisions should be interpreted as such.

SECTION 2. All ordinances or parts thereof inconsistent herewith are hereby repealed. This Ordinance shall become effective immediately upon passage.

October 28, 2013

Council President McCaul and Municipal Councilors

Per your request of October 1, 2013, we are providing to you guidelines for the anticipated Nov. 12, 2013 classified hearing.

The only recommendations we make are those based on your directives as to the shift in the tax burden. We are able to recommend which numbers will fulfill your objective.

Attached is a spread sheet (What If... Scenario Worksheet) listing the possible tax rates by 0.01 increments for 1.00 (no shift) to 1.75 (maximum shift allowed by the Dept. of Revenue).

At 1.00 (no shift) there would be a single rate of \$18.25 per \$1,000 of value.

At 1.75 the residential rate would be \$14.40 and the Commercial/Industrial/Personal Property rate would be \$31.94.

Residential Value	$3,452,063,689 \times 14.40/1000 = 49,709,717$
CIP Value	$970,919,355 \times 31.94/1000 = \underline{31,011,164}$
	80,720,881
Levy Limit	<u>80,732,512</u>
Under Levy Limit	\$11,631

\$11,631 under the levy limit also known as excess levy capacity, allows us the ability to tax omitted assessments should we discover them.

These rates reflect a shift of 1.75.

Values for FY2014 are based on an analysis of qualified sales from Jan. 1, 2011 through Dec. 31, 2012. Values are almost unchanged from FY2013. The average assessment for a single family structure in FY2013 was \$226,845. The value for FY2014 is \$227,706.

We are frequently asked what the consequences would be if the tax rates remained at the FY2013 levels. The answer is as follows:

Residential Value	3,452,063,689 X 13.77/1000 =	47,534,917
CIP Value	970,919,355 X 30.58/1000 =	<u>29,690,714</u>
		77,225,631
Present Levy Limit		80,732,512

Employing last year's rates would levy \$3,506,881 less.
The Council does have the authority to lower the levy.

As of October 24, 2013 the DOR has approved the FY2014 tax rate of 29 communities, six of which have split rates. These communities and rates are as follows:

<u>City/Town</u>	<u>Res. Rate</u>	<u>CIP Rate</u>
Fitchburg	19.83	26.32
Adams	19.95	23.69
Cambridge	8.38	20.44
Berlin	16.67	23.91
Sturbridge	19.2	21.65
Lincoln	14.41	18.95

Note: Approving the maximum shift (or near it) is thought by some to discourage commercial investment and to be a burden on commercial taxpayers.

Note: All tax rates discussed here are only estimates until approved by the Dept. of Revenue.

Dear Ms. Blackwell,

The Massachusetts Department of Transportation (MassDOT) and the Massachusetts Executive Office of Housing & Economic Development (EOHED) are pleased to announce the award of the sixth round of technical assistance grants to South Coast communities. These grants will assist communities in preparing for South Coast Rail while advancing land use plans. Communities whose applications aligned with the *South Coast Rail Economic Development and Land Use Corridor Plan* were given priority. The *Corridor Plan* calls for smart growth initiatives with more jobs, better housing, multi-modal transportation and preserved farms, fields and forests. We want to thank you for responding to this opportunity.

In accordance with Executive Order 525 signed by Governor Deval Patrick in 2010, our review gave priority to communities whose applications for technical assistance were to advance planning and zoning efforts consistent with the *Corridor Plan*. **We are pleased to offer your community \$20,000 for the following technical assistance:**

HDIP Housing Development Zone, to complete a Housing Development Incentive Program application.

Thomas C. Hoye, Jr.
Mayor, City of Taunton
141 Oak Street
Taunton, MA 02780

Dear Mayor Hoye,

Bristol Community College has some street signs that direct people to our old location at the existing Taunton High School. One is on Rt. 44 and another along Rt. 140; both are dark green with white lettering under the orange & black Taunton H.S. signs of approximately the same dimensions. If you recall, BCC held classes at the high school up until a few years ago. We currently offer evening classes at the Friedman Middle School, and will soon offer daytime classes at the former Cohannet School.

There are three things that we'd like to do that probably need to be considered by the City first:

1. Placing those two street signs in two different locations, one at the corner of Rt. 140 and Norton Ave. (to point toward the Friedman) and the other near the Taunton Green in order to direct people to the Cohannet.
2. In addition, we're interested in erecting some banners/signs near the Green to point passersby to the Cohannet since we plan to begin offering classes there in January. In an attempt to help demonstrate our commitment to Taunton, we'd like to promote BCC's daytime course offering plan for the Cohannet.
3. Lastly, it would be great if the City's website front page included a link to BCC's website.

Thank you very much! I look forward to your reply.

Sincerely,

To members of the municipal council:

I am writing the letter to appeal the denial of a street permit. The permit was denied due to the fact that the road was under moratorium until 2015. I need a new gas line installed as the current connection is not big enough to provide the total BTU needed for the entire house. The street has been dug up numerous times. During my permit request the road was opened for pipe work 2 houses from me, after the request was denied the street was opened up on the other side of my house. I have attached pictures of the condition of School ST from the beginning to the work currently being done of the other side of my house. The pictures show both the condition of the street and the numerous approved permits to open the road while it's under moratorium. Approving this request will allow me to properly heat my newly purchased home.

Thank you

Anthony Frederick

He motioned to made part of the hearing, an email submitted to the Council Members from Ms. Ellis containing information such as original floor plans and business

plan for Allaboutrecords Center for the Arts at 3 Trescott Street. **Motion was made to make part of the hearing. So Voted.** Mr. Orcutt previously ran this type of business about seven years ago and there was only one issue at that time from a neighbor next door that did not like teenagers near her apartment. He informed that the Police Department investigated the complaint and stated the complaints were not warranted; his business was never shut down by the Police Department. Councilor Cleary asked about supervision. Mr. Orcutt said he is not concerned with the supervision of individuals coming to the art gallery. The activities will be for all ages; there will be art shows, classes, workshops, live music, independent films. There will not be any prepared foods or alcohol served. There may be vending machines with candy and/or soda. No one speaking in favor of or in opposition of the petition. Teri Bernert, Director of Downtown Taunton Improvement District stated that she is not in either opposition or in favor of the business; she would just like clarification for the business community downtown. She stated there are residences on and around the property and that there have been questions as to the hours of operations. Mr. Orcutt stated that nothing would ever go beyond 11:00pm. Ms. Bernert asked Council if it would be possible to put a time restriction on the Special Permit. Her only real concern is noise due to the fact that there are working professionals residing in the building and if music can be heard past 10pm, she will be receiving phone calls regarding the noise. Mr. Orcutt stated that he is 99% sure that the music will not be heard, he plans on conducting sound tests and based on the tests, he would reinforce with sound barriers as needed. Ms. Bernert stated that the only concern from the businesses in the building is if there will be wait lines outside of the building. Mr. Orcutt stated that there should never be a need for patrons to be waiting outside. The front of the building will have a gallery set up so that people can come in to view while waiting. Mr. Orcutt expects his capacity to be 50 and stated that he does not expect any more than that at one point. Jose Bejarano, owner of Tuxedos by Meridian, 40 Main Street had concerns with the noise and asked if there will be sound barriers installed. Mr. Orcutt informed that they will be conducting sound tests. Mike Wedge, Cedar Street expressed concerns with kids hanging around outside and the exact hours of operation. The hours will probably be 6-11pm. Councilor Cleary asked how he will make money. Mr. Orcutt stated that admission will be charged to see the bands and naturally for art classes. Mr. Orcutt stated that he is bringing this type of business to Taunton because he likes the City and would like Taunton to have the opportunity to experience the art. If approved, Councilor Marshall asked if Mr. Orcutt would have any objection in Council specifying hours of operation Sunday through Thursday till 10pm and Friday and Saturday till 11pm. Councilor Cleary stated that he had concerns with the type of business fitting in with the vision that the City has for Downtown. Mr. Wedge asked for a possible 9pm close time Sunday through Thursday. Mr. Orcutt said that he was open to the close time of 9pm because he was not planning on having entertainment any day except for Saturday. Mr. Orcutt stated that he probably would have it opened different times during the day, some days noon time or 3pm. He said he really just wants to build an art scene Downtown, similar to New Bedford. **Councilor Marshall motioned to close the public hearing, grant the Special Permit as presented with hours of operation as follows: Sunday through Thursday 10am - 9pm; Friday and Saturday 10am - 11pm with a review after 6 months from date of occupancy to appear before the Council.
