Re: Request to Pay Prior Year Invoices

Dear Mayor Hoye and Councilor:

Thank you for your vote last week sending to a first reading the Special Purpose Appropriation of \$48,339.33 for casino-related consultant expenses. The City received the additional \$48,339.33 check (in addition to the original \$340,000.00 check) during this fiscal year, but the invoices that these funds are going to pay were for the prior fiscal year.

Therefore, the Auditor's Office has apprised this office that, from a technical standpoint, a transfer to pay prior year expenditures if necessary. I respectfully request that you approve a transfer of \$48,339.33 from account #1-000-0456-4810-00-00 to account #1-151-204-5762.

RE: Technical Changes to Section 19-3.1 of the Revised Ordinances

Dear Mayor Hoye and Members of the Municipal Council:

In the context of the on-going sewer betterment litigation, I have had the occasion to carefully consider the existing language of Section 19-3.1 of the Revised Ordinances, which was passed in 2010 and drafted by my predecessors in office. After careful review, the Law Department urges your prompt consideration and passage of the attached proposed Ordinance which makes certain strictly technical changes to the existing Ordinance.

This proposed Ordinance does not in any way change the existing substantive law and policy of the City of Taunton, as expressed in the existing Ordinance. I have also enclosed a copy of the existing Ordinance for your review.

The proposed Ordinance is in its proper form for a first reading. Thank you for your prompt consideration of this request, and thank you for allowing our office to be of service to you and the citizens of Taunton.

Very truly yours,

Re: 3 Bow Street, Taunton, Massachusetts

Dear Mayor Hoye and Members of the Municipal Council:

The Law Department and the Tax Possession Custodian were notified today that the City of Taunton acquired title to the above-referenced residential property in April of 2011. I physically went to the building today and it appears to be abandoned and condemned. The Risk Manager took immediate steps to have the building insured.

It is unclear why it took so long for the Tax Possession Custodian to be notified, but it is clear that this is not an acceptable situation. I wanted you to be aware of the above for your review and consideration.

Yours truly,

Subject: Traffic Island Broadway/Taunton Green

Dear Members of the Municipal Council:

Please be advised that the recently constructed raised traffic island on Taunton Green and Broadway has been designed to increase pedestrian safety and ADA accessibility in the immediate area.

The traffic island contains three five foot walkways from Broadway to the Taunton Green. The areas within the island outside of the walkways have been constructed with stamped concrete.

The flashing yellow pedestrian warning signal has been moved from the easterly side of Broadway to the center of the raised traffic island. Although there are no current plans for a three-way walk signal at this location an electrical conduit has been trenched from the control box on Taunton Green to the center of the traffic island with a new handhold which may accommodate an actuated pedestrian walk signal in the future.

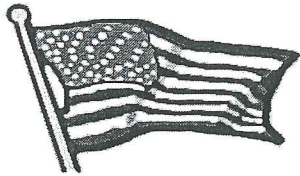

If you have any questions or require additional information please contact me.

Sincerely,

Kevin J. Shea
