

REQUEST FOR QUOTE THIS IS NOT AN ORDER

ACS1103 A/C UNIT INSTALLATION AT WATER STREET FIRE HOUSE

SUBJECT: Request for Quote – Torrington Municipal Renovations Committee

FROM: Mike Clark
Chairman Torrington Municipal Renovations Committee

DATE: October 22, 2009

RE: Server Room A/C Installation Quote

The Torrington Municipal Renovation Committee is seeking proposals for the following work:

Transport ductless A/C split system from storage at Temporary City Hall, 59 Field Street to Water Street Fire House.

1. Set condensing unit on pad outside of building.
2. Install indoor unit on wall of server room.
3. Run line set from condensing unit to indoor unit.
4. Evacuate and charge unit.
5. Start up unit.

Exclude all electrical labor and materials.

Vendor responsible to obtain permit and assume associated permit fees.

Vendor must be licensed and insured.

Vendor to supply current copy of insurance if awarded quote with City of Torrington as "additional insured".
