QUESTIONS SUBMITTED 9/12/14:

- 1) **Q)** There appears to be inconsistent statements in the ITB as to whether a Vendor can take exception to the requirements of the ITB. Please refer to Paragraph 10 in the Instructions to Bidders – **CONDITIONAL, QUALIFIED OR NON-RESPONSIVE BIDS/PROPOSALS** and Section 5 of the Scope of Work. Are Vendors permitted to take exception to the requirements (including terms and conditions) of this ITB and provide the reason for the exception? If not, to clarify the information in the Instructions to Bidders – **CONDITIONAL, QUALIFIED OR NON-RESPONSIVE BIDS/PROPOSALS** section of the ITB, would the City permit vendors to include in its ITB response its standard service and product operational terms to supplement the ITB documents and/or include necessary terms and conditions relevant to its telecommunication products and services not present within the ITB?
A) The City will review submitted proposals that take exceptions (**specifications shall be included with all proposals of equipment being referenced**). This will be reviewed to verify if the product will meet or exceed the requirements of the GPS Tracking System referenced in this RFP.
