# **BROWNFIELD AREA-WIDE REVITALIZATION PLANNING GRANT**

On a motion by Councilor Ruwet, seconded by Councilor Anderson, the Council considered adoption of the following resolution authorizing the required 10% cash match for a Brownfield Area-wide Revitalization (BAR) Planning Grant, and authorizing the Mayor to enter into an agreement with the State of CT Department of Economic & Community Development regarding the BAR grant if the application is successful:

WHEREAS, pursuant to C.G.S Section 32-763, the Connecticut Department of Economic and Community Development is authorized to extend financial assistance for developing a comprehensive plan for the remediation and redevelopment of multiple brownfields (called the Brownfield Area-Wide Revitalization (BAR) Planning Grant); and

WHEREAS, it is desirable and in the public interest that the City of Torrington make an application to the State for \$200,000 in order to undertake the Brownfield Area-Wide Revitalization (BAR) Planning Project and to execute an Assistance Agreement.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNCILMEN

- 1. That it is cognizant of the conditions and prerequisites (including the match obligations) for the state financial assistance imposed by C.G.S Section 32-763 and the Guidelines of the BAR Planning Program;
- 2. That the filing of an application for State financial assistance by the City of Torrington in an amount not to exceed \$200,000 is hereby approved and that Elinor Carbone, Mayor, is directed to execute and file such application with the Connecticut Department of Economic and Community Development, to provide such additional information, to execute such other documents as may be required, to execute an Assistance Agreement with the State of Connecticut for State financial assistance if such an agreement is offered, to execute any amendments, decisions, and revisions thereto, and to act as the authorized representative of the City of Torrington.
- 3. That it agrees to fulfill the required 10% cash match of the BAR Planning Grant Program if the application is successful.

Ms. Wilson explained that this planning-specific grant will be used to identify a strategy to attack the Brownfield dilemma in Torrington, and to develop a Brownfields section to the City's Plan of Conservation and Development. She said it will also be used to look at how our status as a Micropolitan Community can be used to attract development with something implementable, not just a plan to sit on the shelf.

## Section B Continued

# **BROWNFIELD AREA-WIDE REVITALIZATION PLANNING GRANT Continued**

Ms. Wilson said two areas where redevelopment of Brownfields can be supported through infrastructure are the Riverfront Recapture Project with 100 Franklin St. and 100 Franklin Dr. and the Stone Container and Hendey site as a location for a regional transit facility and potential railway freight-offloading site. She said this planning process and implementation strategy will be comprehensive, thorough and done in a public way to position ourselves for future funding because state and federal funding require a plan in place. You have to have the vision, she said.

Councilor Cavagnero expressed an interest in having the City Council involved and asked what the impact of a transit system on west side of Torrington will be and what it will do to property values.

Mayor Carbone offered to have our local Historic Preservation Trust present their feasibility study to Council as it identified this property as the perfect location for this transit facility, along with enhanced future transit-oriented development of the rest of that site. She said that City Council will be involved because there is quite a bit of work that needs to be done before the Department of Transportation acquires that property and commences construction.

Councilor Cavagnero reiterated his interest in having the City Council involved in the decision to have a bus hub on the west side of Torrington and its effect on the vision for a gentrified approach to downtown development that ties Coe Park in with a nice riverfront walkway. He said that young urban professionals won't want to live next to a bus depot because they have cars.

Councilor Anderson moved the previous question and the vote was called. The resolution for a BAR Planning Grant application was unanimously approved.

## **STREET DEPT: PURCHASE 4x2 Plow Truck**

On a motion by Councilor Anderson, seconded by Councilor Cavagnero, the Council voted unanimously to accept the Fleet Manager's, Street Superintendent's and Purchasing Agent's recommendation to award the 4x2 Plow Truck purchase to Nutmeg International of Hartford CT in the amount of \$149,839.36, and to authorize the Mayor to act on behalf of the City regarding the execution and administration of the contract. End Section B
