- 3 Clerk, Kelly McElreath was also in attendance to discuss possible dates for a special election for
- 4 an override question.
- 5

6 The meeting was called to order at 7:15pm by Selectman Picard; Chainman Fleming joined the 7 meeting later.

8

9 Chairman Flaherty asked the Town Manager to discuss any changes that may affect the FY 15/16 10 proposed budget. The draft budget is unfavorable (1,756,746).

11

12 Ms. Robinson had drafted a list of possible reductions on the Town side that could be considered,

as well as items to be added to the budget or planning for, and a preliminary list of budget

14 shortfalls.

The school committee certified a 31.8 million dollar budget which can only be achieved through an override the Town Manager expressed to the Finance Committee. This represents a 14.4 percent increase over last year. Superintendent Maruszczak had recently noted that state aid to the district had been trending downward, and was likely to continue in that direction. The overrides, he said, would sustain the district for at least several years.

31

Ms. Robinson noted that it is not possible to take it from the town side of the budget without overwhelming service cuts. All agreed the override would be needed to pay for both local services and the school district budget.

35

The Selectmen and the Finance Committee then discussed the timing and amount for the override. They agreed the override ballot vote be a special election and not incorporated in the Town's annual election because the Annual Town Meeting is set for May 7th and this could inhibit efforts to inform the public about the budget and the override request.

40

All agreed to hold the election on May 18th and further agreed to convene another Town Meeting to vote for an underride if Upton approves the override and Mendon does not in order give the money back to taxpayers.

44

Further consideration in the budget will be given to the stipends for elected officials, deleting the computer for the historical commission and projections from FEMA for snow/ice grant funds to cover a portion of the deficit and incorporating potential deductions.

48

To be considered at a later date will be to change the way the Town does business by scheduling two Town meetings; one in the Spring to focus on boiler plate articles and in the Fall to focus on heavy hitting items which could help reduce projections.

52

⁵³ The Finance Committee will schedule its public budget hearing on April 29th.
